

**\$1,650,350,872**  
**Federal National Mortgage Association**

**Guaranteed REMIC Pass-Through Certificates**  
**Fannie Mae REMIC Trust 1993-139**

The Guaranteed REMIC Pass-Through Certificates offered hereby (the “Certificates”) will represent beneficial ownership interests in one of two trust funds. The Certificates, other than the RL Class, will represent beneficial ownership interests in Fannie Mae REMIC Trust 1993-139 (the “Trust”). The assets of the Trust will consist of the “regular interests” in a separate trust fund (the “Lower Tier REMIC”). The assets of the Lower Tier REMIC will consist of Fannie Mae Guaranteed Mortgage Pass-Through Certificates (the “MBS”), each of which will represent a beneficial interest in a pool (the “Pool”) of first lien, single-family, fixed-rate residential mortgage loans (the “Mortgage Loans”) having the characteristics described herein. The Certificates will be issued and guaranteed as to timely distribution of principal and interest by Fannie Mae and offered by Fannie Mae pursuant to its Prospectus for Guaranteed Mortgage Pass-Through Certificates (the “MBS Prospectus”), available as described herein, and its Prospectus for Guaranteed REMIC Pass-Through Certificates (the “REMIC Prospectus”), accompanying this Prospectus Supplement.

Elections will be made to treat the Lower Tier REMIC and the Trust as “real estate mortgage investment conduits” (“REMICs”) pursuant to the Internal Revenue Code of 1986, as amended (the “Code”). The R and RL Classes will be subject to transfer restrictions. See “Description of the Certificates—Characteristics of the R and RL Classes” and “Certain Additional Federal Income Tax Consequences” herein, and “Description of the Certificates—Additional Characteristics of Residual Certificates” and “Certain Federal Income Tax Consequences” in the REMIC Prospectus.

- (1) See “Description of the Certificates—Class Definitions and Abbreviations” in the REMIC Prospectus and “Description of the Certificates—Distributions of Interest” and “—Distributions of Principal” herein.
- (2) The FN, SN, FA, SA, FE, SE, FW, SW, SX, FI, SM, SI, SK, SJ, SL, FC, SC, F, S, SG, SH, FV, SV, FO and SO Classes will bear interest based on “LIBOR,” the FP and SP Classes will bear interest based on the “3-Month Treasury Index,” the FB, SB, SD, FY and SY Classes will bear interest based on “COFI” and the FT, ST and SU Classes will bear interest based on the “Prime Rate” as described under “Description of the Certificates—Distributions of Interest” herein and “Description of the Certificates—Indices Applicable to Floating Rate and Inverse Floating Rate Classes” in the REMIC Prospectus.
- (3) The L, LA, SA and SM Classes will be Notional Classes, will have no principal balances and will bear interest on their notional principal balances (initially, \$123,000,000, \$42,284,307, \$23,760,000 and \$11,318,248, respectively). The notional principal balances of the L and LA Classes will be calculated based on the principal balances of certain PAC I Classes, the notional principal balance of the SA Class will be calculated based on the principal balance of a PAC II Class and the notional principal balance of the SM Class will be calculated based on the principal balance of a TAC Class. See “Description of the Certificates—General—Notional Classes” herein.

The Certificates will be offered by Kidder, Peabody & Co. Incorporated (the “Dealer”) from time to time in negotiated transactions, at varying prices to be determined at the time of sale.

The Certificates will be offered by the Dealer, subject to issuance by Fannie Mae and to prior sale or to withdrawal or modification of the offer without notice, when, as and if delivered to and accepted by the Dealer, and subject to approval of certain legal matters by counsel. It is expected that the Certificates, except for the ZQ, R and RL Classes, will be available through the book-entry system of the Federal Reserve Banks on or about August 30, 1993 (the “Settlement Date”). It is expected that the ZQ, R and RL Classes in registered, certificated form will be available for delivery at the offices of the Dealer, New York, New York, on or about the Settlement Date.

**Kidder, Peabody & Co.**  
**Incorporated**  
**July 7, 1993**

*(Cover continued from previous page)*

**THE CERTIFICATES MAY NOT BE SUITABLE INVESTMENTS FOR ALL INVESTORS. NO INVESTOR SHOULD PURCHASE CERTIFICATES UNLESS SUCH INVESTOR UNDERSTANDS AND IS ABLE TO BEAR THE PREPAYMENT, YIELD, LIQUIDITY AND OTHER RISKS ASSOCIATED WITH SUCH CERTIFICATES.**

The yield to investors in each Class will be sensitive in varying degrees to the rate of principal payments of the Mortgage Loans, the characteristics of the Mortgage Loans actually included in the Pool, the purchase price paid for the related Class and, in the case of any Floating Rate and Inverse Floating Rate Classes, the level of the applicable Index (as defined herein). Accordingly, investors should consider the following risks:

- The Mortgage Loans generally may be prepaid at any time without penalty, and, accordingly, the rate of principal payments thereon is likely to vary considerably from time to time.
- Slight variations in Mortgage Loan characteristics could substantially affect the weighted average lives and yields of some or all of the Classes.
- In the case of any Certificates purchased at a discount to their principal amounts, a slower than anticipated rate of principal payments is likely to result in a lower than anticipated yield.
- In the case of any Certificates purchased at a premium to their principal amounts, a faster than anticipated rate of principal payments is likely to result in a lower than anticipated yield.
- In the case of any Interest Only Class, a faster than anticipated rate of principal payments is likely to result in a lower than anticipated yield and, in certain cases, an actual loss on the investment.
- The yield on any Floating Rate or Inverse Floating Rate Class will be sensitive to the level of the applicable Index, particularly if the interest rate thereon fluctuates as a multiple of such Index.

See “Description of the Certificates—Yield Considerations” herein.

In addition, investors should purchase Certificates only after considering the following:

- The actual final payment of any Class will likely occur earlier, and could occur much earlier, than the Final Distribution Date for such Class specified on the cover page. See “Description of the Certificates—Weighted Average Lives of the Certificates” herein and “Description of the Certificates—Weighted Average Life and Final Distribution Dates” in the REMIC Prospectus.
- The rate of principal distributions of the Certificates is uncertain and investors may be unable to reinvest the distributions thereon at yields equaling the yields on the Certificates. See “Description of the Certificates—Reinvestment Risk” in the REMIC Prospectus.
- Investors whose investment activities are subject to legal investment laws and regulations or to review by regulatory authorities may be subject to restrictions on investment in certain Classes of the Certificates. Investors should consult their legal advisors to determine whether and to what extent the Certificates constitute legal investments or are subject to restrictions on investment. See “Legal Investment Considerations” in the REMIC Prospectus.

The Dealer intends to make a market for the Certificates but is not obligated to do so. There can be no assurance that such a secondary market will develop or, if developed, that it will continue. Thus, investors may not be able to sell their Certificates readily or at prices that will enable them to realize their anticipated yield. No investor should purchase Certificates unless such investor understands and is able to bear the risk that the value of the Certificates will fluctuate over time and that the Certificates may not be readily salable.

These securities have not been approved or disapproved by the Securities and Exchange Commission or any state securities commission nor has the Securities and Exchange Commission or any state securities commission passed upon the accuracy or adequacy of this Prospectus Supplement, the REMIC Prospectus or the MBS Prospectus. Any representation to the contrary is a criminal offense.

This Prospectus Supplement does not contain complete information about the Certificates. Investors should purchase Certificates only after reading this Prospectus Supplement, the REMIC Prospectus, the MBS Prospectus dated May 1, 1993 and the Fannie Mae Information Statement dated February 16, 1993 and any supplements thereto (the “Information Statement”). The MBS Prospectus and the Information Statement are incorporated herein by reference and may be obtained from Fannie Mae by writing or calling its MBS Helpline at 3900 Wisconsin Avenue, N.W., Area 2H-2N, Washington, D.C. 20016 (telephone 1-800-BEST-MBS or 202-752-6547). Such documents may also be obtained from Kidder, Peabody & Co. Incorporated by writing or calling its Prospectus Department at 60 Broad Street, 6th Floor, New York, New York 10004 (telephone 212/656-1584).

## DESCRIPTION OF THE CERTIFICATES

The following summaries describing certain provisions of the Certificates do not purport to be complete and are subject to, and are qualified in their entirety by reference to, the REMIC Prospectus, the MBS Prospectus and the provisions of the Trust Agreement (defined below). Capitalized terms used and not otherwise defined in this Prospectus Supplement have the respective meanings assigned to such terms in the REMIC Prospectus (including the Glossary contained therein), the MBS Prospectus or the Trust Agreement (as the context may require).

### General

*Structure.* The Trust and the Lower Tier REMIC will be created pursuant to a trust agreement dated as of August 1, 1993 (the “Trust Agreement”), executed by the Federal National Mortgage Association (“Fannie Mae”) in its corporate capacity and in its capacity as Trustee, and the Certificates in the Classes and aggregate original principal balances set forth on the cover hereof will be issued by Fannie Mae pursuant thereto. A description of Fannie Mae and its business, together with certain financial statements and other financial information, is contained in the Information Statement.

The Certificates (other than the R and RL Classes) will be designated as the “regular interests,” and the R Class will be designated as the “residual interest,” in the REMIC constituted by the Trust. The interests in the Lower Tier REMIC other than the RL Class (the “Lower Tier Regular Interests”) will be designated as the “regular interests,” and the RL Class will be designated as the “residual interest,” in the Lower Tier REMIC.

The assets of the Trust will consist of the Lower Tier Regular Interests, and the Certificates, other than the RL Class, will evidence the entire beneficial ownership interest in the distributions of principal and interest on the Lower Tier Regular Interests.

The assets of the Lower Tier REMIC will consist of the MBS, and the Lower Tier Regular Interests and the RL Class (collectively, the “Lower Tier Interests”) will in the aggregate evidence the entire beneficial ownership interest in the distributions of principal and interest on the MBS.

*MBS Distributions.* The MBS will provide that principal and interest on the underlying Mortgage Loans will be passed through monthly, commencing on the 25th day of the month following the month of the initial issuance of the MBS (or, if such 25th day is not a business day, on the first business day next succeeding such 25th day).

*Fannie Mae Guaranty.* Fannie Mae guarantees to each holder of an MBS the timely payment of scheduled installments of principal of and interest on the underlying Mortgage Loans, whether or not received, together with the full principal balance of any foreclosed Mortgage Loan, whether or not such balance is actually recovered. In addition, Fannie Mae will be obligated to distribute on a timely basis to the Holders of Certificates required installments of principal and interest and to distribute the principal balance of each Class of Certificates in full no later than the applicable Final Distribution Date, whether or not sufficient funds are available in the MBS Account. The guaranties of Fannie Mae are not backed by the full faith and credit of the United States. See “Description of the Certificates—Fannie Mae’s Guaranty” in the REMIC Prospectus and “Description of Certificates—The Corporation’s Guaranty” in the MBS Prospectus.

*Characteristics of Certificates.* The Certificates, other than the ZQ, R and RL Certificates, will be issued and maintained and may be transferred by Holders only on the book-entry system of the Federal Reserve Banks. Such entities whose names appear on the book-entry records of a Federal Reserve Bank as the entities for whose accounts such Certificates have been deposited are herein referred to as “Holders” or “Certificateholders.” A Holder is not necessarily the beneficial owner of a book-entry Certificate. Beneficial owners will ordinarily hold book-entry Certificates through one or more financial intermediaries, such as banks, brokerage firms and securities clearing organizations. See “Description of the Certificates—Denominations, Book-Entry Form” in the REMIC Prospectus.

The ZQ, R and RL Certificates will not be issued in book-entry form but will be issued in fully registered, certificated form. As to any ZQ, R or RL Certificate, “Holder” or “Certificateholder” refers to the registered owner thereof. The ZQ, R and RL Certificates will be transferable or exchangeable, if applicable, at the corporate trust office of the Transfer Agent, or at the agency of the Transfer Agent in New York, New York. The Transfer Agent initially will be State Street Bank and Trust Company in Boston, Massachusetts (“State Street”). A service charge may be imposed for any registration of transfer or exchange, if applicable, of any ZQ, R or RL Certificate and Fannie Mae may require payment of a sum sufficient to cover any tax or other governmental charge. See also “Characteristics of the R and RL Classes” herein.

Distributions on the ZQ Class will be made by check mailed by the Paying Agent to the address of each person entitled thereto as it appears on the Certificate Register maintained by the Certificate Registrar (initially State Street) not later than each Distribution Date; provided, however, that the final distribution to the Holders of the ZQ Class, and the distribution to the Holder of the R or RL Certificate of the proceeds of any remaining assets of the Trust or the Lower Tier REMIC, as applicable, will be made only upon presentation and surrender of such Certificates at the office of the Paying Agent. The Paying Agent initially will be State Street.

*Notional Classes.* The L, LA, SA and SM Classes will be Notional Classes. A Notional Class will have no principal balance and will bear interest at the per annum interest rate set forth on the cover or described herein during each Interest Accrual Period on the related notional principal balance. The notional principal balance of each Notional Class will be equal to the indicated percentages of the outstanding principal balances of the following Classes immediately prior to the related Distribution Date:

<u>Class</u>	<u>Percentage of Principal Balance of Specified Class</u>
Aggregate of L and LA* .....	42.8571428571% of A Class 32.1428571429% of B Class 28.5714285714% of C Class 21.4285714286% of D Class 16.4285714286% of E Class 10.7142857143% of G Class 3.5714285714% of H Class 7.8571805662% of FN Class 7.8571805662% of SN Class 3.5714295571% of FP Class 3.5714295571% of SP Class 24.2857142857% of CA Class 21.4285714286% of CB Class 16.4285714286% of BA Class
SA .....	100% of FA Class
SM .....	22.6190472146% of FI Class

\* Reductions of the aggregate principal balance of the A, B, C, D, E, G, H, FN, SN, FP, SP, CA, CB and BA Classes will be applied sequentially to the notional principal balance of the L Class, until the notional principal balance thereof is reduced to zero, and then to the notional principal balance of the LA Class.

The notional principal balance of a Notional Class is used for purposes of the determination of interest distributions thereon and does not represent an interest in the principal distributions of the MBS or the underlying Mortgage Loans. Although a Notional Class will not have a principal balance, a REMIC Trust Factor (as described herein) will be published with respect to any such Class that will be applicable to the notional principal balance thereof, and references herein to the principal balances of the Certificates generally shall be deemed to refer also to the notional principal balance of any Notional Class.

*Components.* For purposes of calculating payments of principal, the F, S, SG, SH, FV, SV, FO, SO, FT, ST, SU, FY and SY Classes are comprised of multiple payment components having the designations and original principal balances set forth below:

<u>Designation</u>	<u>Original Principal Balance</u>
F1 Component .....	\$72,631,705
F2 Component .....	33,368,295
S1 Component .....	7,341,480
S2 Component .....	3,372,806
SG1 Component .....	12,016,064
SG2 Component .....	5,520,393
SH1 Component .....	6,582,351
SH2 Component .....	3,024,049
FV1 Component .....	13,106,644
FV2 Component .....	6,893,356
SV1 Component .....	4,680,944
SV2 Component .....	2,461,913
FO1 Component .....	975,741
FO2 Component .....	513,185
FO3 Component .....	3,511,074
SO1 Component .....	278,783
SO2 Component .....	146,624
SO3 Component .....	1,003,164
FT1 Component .....	4,098,112
FT2 Component .....	2,155,376
FT3 Component .....	14,746,512
ST1 Component .....	780,593
ST2 Component .....	410,548
ST3 Component .....	2,808,859
SU1 Component .....	975,741
SU2 Component .....	513,185
SU3 Component .....	3,511,074
FY1 Component .....	1,653,072
FY2 Component .....	869,423
FY3 Component .....	5,948,360
SY1 Component .....	472,306
SY2 Component .....	248,407
SY3 Component .....	1,699,531

Components are not separately transferable from the related Class of Certificates.

*Authorized Denominations.* The Certificates, other than the ZQ, R and RL Certificates, will be issued in minimum denominations of \$1,000 and integral multiples of \$1 in excess thereof. The ZQ Certificates will be issued in minimum denominations of \$1,000 and integral multiples of \$100 in excess thereof, except for one Certificate of such Class. Each of the R and RL Classes will be issued as a single certificate and will not have a principal balance.

*Distribution Dates.* Distributions on the Certificates will be made on the 25th day of each month (or, if such 25th day is not a business day, on the first business day next succeeding such 25th day), commencing in the month following the Settlement Date.

*Calculation of Distributions.* Interest on the interest-bearing Certificates is calculated on the basis of a 360-day year consisting of twelve 30-day months and is distributable monthly on each

Distribution Date, commencing (except with respect to the Accrual Classes, if any) in the month after the Settlement Date. Interest to be distributed or, in the case of any Accrual Classes, added to principal on each interest-bearing Certificate on a Distribution Date will consist of one month's interest on the outstanding principal balance of such Certificate immediately prior to such Distribution Date. Interest to be distributed or, in the case of any Accrual Classes, added to principal on a Distribution Date will accrue on the interest-bearing Certificates during the one month periods set forth herein under "Distributions of Interest—*Interest Accrual Periods*." Principal on the Certificates will be distributed on each Distribution Date in an amount equal to the sum of the aggregate distributions of principal concurrently made on the MBS and any interest accrued and added on such Distribution Date to the principal balances of the Accrual Classes, if any. See "Distributions of Principal" herein.

*Record Date.* Each monthly distribution on the Certificates will be made to Holders of record on the last day of the preceding month.

*REMIC Trust Factors.* As soon as practicable following the eleventh calendar day of each month, Fannie Mae will publish or otherwise make available for each Class of Certificates the factor (carried to eight decimal places) which, when multiplied by the original principal balance of a Certificate of such Class, will equal the remaining principal balance of such Certificate after giving effect to the distribution of principal to be made on the following Distribution Date and any interest to be added as principal to the principal balances of any Accrual Classes on such Distribution Date.

*Optional Termination.* Consistent with its policy described under "Description of Certificates—Termination" in the MBS Prospectus, Fannie Mae will agree not to effect indirectly an early termination of the Trust or the Lower Tier REMIC through the exercise of its right to repurchase the Mortgage Loans underlying any MBS unless only one Mortgage Loan remains in the related Pool or the principal balance of such Pool at the time of repurchase is less than one percent of the original principal balance thereof.

*Liquid Assets.* The KA Class is intended to qualify as a "liquid asset" for purposes of the liquidity requirements applicable to federal savings associations, federal savings banks and state chartered associations whose deposits are insured by the Federal Deposit Insurance Corporation.

## The MBS

The MBS underlying the Certificates will have the aggregate unpaid principal balance and Pass-Through Rate set forth below and the general characteristics described in the MBS Prospectus. The Mortgage Loans will be conventional Level Payment Mortgage Loans secured by a first mortgage or deed of trust on a one- to four-family ("single-family") residential property and having an original maturity of up to 30 years, as described under "The Mortgage Pools" and "Yield Considerations" in the MBS Prospectus. The characteristics of the MBS and Mortgage Loans as of August 1, 1993 (the "Issue Date") are expected to be as follows:

Aggregate Unpaid Principal Balance .....	\$1,650,350,872
MBS Pass-Through Rate .....	7.00%
Range of WACs (per annum percentages) .....	7.25% to 9.50%
Range of WAMs .....	180 months to 360 months
Approximate Weighted Average WAM .....	357 months
Approximate Weighted Average CAGE .....	3 months

Following the issuance of the Certificates, Fannie Mae will prepare a Final Data Statement setting forth the Pool number, the current WAC (or original WAC, if the current WAC is not available) and the current WAM (or Adjusted WAM, if the current WAM is not available) of the Mortgage Loans underlying each MBS, along with the weighted average of all the current or original WACs and the weighted average of all the current or Adjusted WAMs, based on the current unpaid principal balances of the Mortgage Loans underlying the MBS as of the Issue Date. The Final Data Statement will not

accompany this Prospectus Supplement but will be made available by Fannie Mae. To request the Final Data Statement, telephone Fannie Mae at 1-800-BEST-MBS or 202-752-6547. The contents of the Final Data Statement and other data specific to the Certificates are available in electronic form by calling Fannie Mae at 1-800-752-6440 or 202-752-6000.

## Distributions of Interest

### *Categories of Classes*

For the purpose of payments of interest, the Classes will be categorized as follows:

<u>Interest Type*</u>	<u>Classes</u>
Fixed Rate	All Classes except the Floating Rate and Inverse Floating Rate Classes and R and RL
Floating Rate	FN, FP, FA, FE, FW, FB, FI, FC, F, FV, FO, FT and FY
Inverse Floating Rate	SN, SP, SA, SE, SW, SX, SB, SD, SM, SI, SK, SJ, SL, SC, S, SG, SH, SV, SO, ST, SU and SY
Interest Only	L, LA, SA and SM
Accrual	ZQ
No Payment Residual	R and RL

\* See “Description of the Certificates—Class Definitions and Abbreviations” in the REMIC Prospectus.

**General.** The interest-bearing Certificates will bear interest at the respective per annum interest rates set forth on the cover or described herein. Interest on the interest-bearing Certificates is calculated on the basis of a 360-day year consisting of twelve 30-day months and is distributable monthly on each Distribution Date, commencing (except with respect to any Accrual Classes) in the month after the Settlement Date. Interest to be distributed or, in the case of any Accrual Classes, added to principal on each interest-bearing Certificate on a Distribution Date will consist of one month’s interest on the outstanding principal balance of such Certificate immediately prior to such Distribution Date.

**Interest Accrual Periods.** Interest to be distributed or added to principal on a Distribution Date will accrue on the interest-bearing Certificates during the one-month periods set forth below (each, an “Interest Accrual Period”).

<u>Classes</u>	<u>Interest Accrual Period</u>
FN, SN, FA, SA, FE, SE, FW, SW, SX, FI, SM, SI, SK, SJ, SL, FC, SC, F, S, SG, SH, FV, SV, FO and SO (collectively, the “No Delay Classes”)	One month period beginning on the 25th day of the month preceding the month of the Distribution Date and ending on the 24th day of the month of the Distribution Date
All other interest-bearing Classes (collectively, the “Delay Classes”)	Calendar month preceding the month in which the Distribution Date occurs

See “Yield Considerations” herein.

**Accrual Class.** The ZQ Class is an Accrual Class. Interest will accrue on the Accrual Class at the per annum rate set forth on the cover hereof; however, such interest will not be distributed until the Distribution Date following the Distribution Date on which the principal balance of the KE Class has been reduced to zero. Interest so accrued and unpaid on the Accrual Class will be added as principal to the principal balance thereof on each Distribution Date. Distributions of principal of the Accrual Class will be distributed as described herein.

**Floating Rate and Inverse Floating Rate Classes.** Each of the following Classes will bear interest during its initial Interest Accrual Period at the Initial Interest Rate set forth below, and will bear

interest during each Interest Accrual Period thereafter, subject to the applicable Maximum and Minimum Interest Rates, at the rate determined as described below:

<u>Class</u>	<u>Initial Interest Rate</u>	<u>Maximum Interest Rate</u>	<u>Minimum Interest Rate</u>	<u>Formula for Calculation of Interest Rate</u>
FN .....	3.97500%	9.50000%	0.85%	LIBOR + 85 basis points
SN .....	8.43811%	10.94836%	4.00%	10.94836% - (.8032786 × LIBOR)
FP .....	4.45000%	9.00000%	1.30%	3-Month Treasury Index + 130 basis points
SP .....	13.65000%	23.10000%	0.00%	23.1% - (3.0 × 3-Month Treasury Index)
FA .....	3.62500%	9.00000%	0.50%	LIBOR + 50 basis points
SA .....	5.37500%	8.50000%	0.00%	8.5% - LIBOR
FE .....	3.83750%	9.50000%	0.65%	LIBOR + 65 basis points
SE .....	15.85500%	24.78000%	0.00%	24.78% - (2.8 × LIBOR)
FW .....	3.78750%	9.50000%	0.60%	LIBOR + 60 basis points
SW .....	22.19447%	40.75050%	0.00%	40.7505% - (5.8215 × LIBOR)
SX .....	10.25000%	10.25000%	0.00%	48.01318% - (5.39474 × LIBOR)
FB .....	5.00300%	10.00000%	0.90%	COFI + 90 basis points
SB .....	13.25425%	32.02610%	0.00%	32.0261% - (4.57516 × COFI)
SD .....	10.00000%	10.00000%	0.00%	43.33329% - (4.7619 × COFI)
F (1) .....	4.75000%	9.50000%	0.92%	LIBOR + 92 basis points
S (1) .....	13.30000%	24.02400%	0.00%	24.024% - (2.8 × LIBOR)
SG(1) .....	13.73823%	30.33680%	0.00%	30.3368% - (4.33383 × LIBOR)
SH(1) .....	12.50000%	12.50000%	0.00%	67.87974% - (7.9113924 × LIBOR)
FI .....	4.07500%	9.50000%	0.95%	LIBOR + 95 basis points
SM .....	5.42500%	8.55000%	0.00%	8.55% - LIBOR
SI .....	11.48017%	20.73840%	0.00%	20.7384% - (2.962634 × LIBOR)
SK .....	12.50000%	12.50000%	0.00%	68.95161% - (8.0645161 × LIBOR)
SJ .....	11.41414%	20.61910%	0.00%	20.6191% - (2.945587 × LIBOR)
SL .....	12.70000%	12.70000%	0.00%	70.05484% - (8.193548 × LIBOR)
FV .....	4.53750%	9.50000%	1.35%	LIBOR + 135 basis points
SV .....	13.89500%	22.82000%	0.00%	22.82% - (2.8 × LIBOR)
FO .....	4.52500%	9.00000%	1.40%	LIBOR + 140 basis points
SO .....	15.66250%	26.60000%	0.00%	26.6% - (3.5 × LIBOR)
FT .....	4.50000%	10.00000%	0.00%	Prime Rate - 150 basis points
ST .....	15.75000%	39.37500%	0.00%	47.25% - (5.25 × Prime Rate)
SU .....	10.50000%	10.50000%	0.00%	48.3% - (4.2 × Prime Rate)
FC .....	4.13750%	9.50000%	0.95%	LIBOR + 95 basis points
SC .....	15.01500%	23.94000%	0.00%	23.94% - (2.8 × LIBOR)
FY .....	5.55000%	9.00000%	1.50%	COFI + 150 basis points
SY .....	12.07500%	26.25000%	0.00%	26.25% - (3.5 × COFI)

(1) Interest will accrue on the F, S, SG and SH Classes at their respective Initial Interest Rates during the initial thirty Interest Accrual Periods ending on February 24, 1996.

The yields with respect to such Classes will be affected by changes in the applicable index, as set forth in the table above (each, an “Index”), which changes may not correlate with changes in mortgage interest rates. It is possible that lower mortgage interest rates could occur concurrently with an increase in the level of an Index. Conversely, higher mortgage interest rates could occur concurrently with a decrease in the level of an Index.

Each Index value (except COFI) will be established as described herein by Fannie Mae two business days prior to the commencement of the related Interest Accrual Period. See “—COFI” below for a description of how COFI is established. The establishment of the Index value by Fannie Mae and Fannie Mae’s determination of the rate of interest for the applicable Classes for the related Interest Accrual Period shall (in the absence of manifest error) be final and binding. Each such rate of interest may be obtained by telephoning Fannie Mae at 1-800-BEST-MBS or 202-752-6547.

## Calculation of LIBOR

On each LIBOR Determination Date, until the principal balances of the FN, SN, FA, SA, FE, SE, FW, SW, SX, FI, SM, SI, SK, SJ, SL, FC, SC, F, S, SG, SH, FV, SV, FO and SO Classes (the “LIBOR

Classes”) have been reduced to zero, Fannie Mae will establish LIBOR for the related Interest Accrual Period in the manner described in the REMIC Prospectus under “Description of the Certificates—Indices Applicable to Floating Rate and Inverse Floating Rate Classes—*LIBOR*.”

If on the initial LIBOR Determination Date, Fannie Mae is unable to determine LIBOR in the manner specified in the REMIC Prospectus, LIBOR for the next succeeding Interest Accrual Period will be 3.125%.

### Calculation of 3-Month Treasury Index

On each Treasury Index Determination Date, until the principal balances of the FP and SP Classes (the “3-Month Treasury Index Classes”) have been reduced to zero, Fannie Mae will ascertain the average level of the 3-Month Treasury Index in effect for the week ending on the last Friday immediately preceding the related Treasury Index Determination Date. The 3-Month Treasury Index for any period means the rate, expressed as a per annum rate and adjusted to a coupon equivalent yield, determined at the weekly auction of U.S. Treasury Bills with a maturity of three months as published by the Federal Reserve Board in its Statistical Release No. H.15 (519) under the category “Auction average (investment).” See “Description of the Certificates—Indices Applicable to Floating Rate and Inverse Floating Rate Classes—*Treasury Index*” in the REMIC Prospectus.

### COFI

Except as otherwise specified below, the amount of interest which will accrue in respect of the FB, SB, SD, FY and SY Classes (the “COFI Classes”) during each Interest Accrual Period following their Initial Interest Accrual Period will be determined on the basis of the Eleventh District Cost of Funds Index for the second month next preceding the month in which such Interest Accrual Period commences if such Eleventh District Cost of Funds Index for such second preceding month is published on or before the tenth day of the month in which such Interest Accrual Period commences. For example, if the Eleventh District Cost of Funds Index for May is announced on or before July 10, interest accrued on the COFI Classes for the Interest Accrual Period commencing in July and distributable in August will be based on the Eleventh District Cost of Funds Index relating to May. If the Eleventh District Cost of Funds Index for the applicable month is not published on or before the tenth day of the second following month, interest will accrue on the COFI Classes at a rate determined as provided in the REMIC Prospectus under “Description of the Certificates—Indices Applicable to Floating Rate and Inverse Floating Rate Classes—*COFI*.” Under certain circumstances, an alternative index may be applicable to the COFI Classes. A change of index from the Eleventh District Cost of Funds Index to an alternative index will result in a change in the index level, and, particularly if LIBOR is the alternative index, could increase its volatility.

For information regarding historical values of the Eleventh District Cost of Funds Index as reported by the Federal Home Loan Bank of San Francisco (“FHLBSF”), see “Description of the Certificates—Indices Applicable to Floating Rate and Inverse Floating Rate Classes—*COFI*” in the REMIC Prospectus.

The values of the Eleventh District Cost of Funds Index as reported by the FHLBSF for the following months were as follows:

<u>Month</u>	<u>COFI</u>
December 1992 .....	4.432%
January 1993 .....	4.360%
February 1993 .....	4.333%
March 1993 .....	4.245%
April 1993 .....	4.171%
May 1993 .....	4.103%
June 1993 .....	4.050%

## Calculation of Prime Rate

On each Prime Rate Determination Date, until the principal balances of the FT, ST and SU Classes (the “Prime Rate Classes”) have been reduced to zero, Fannie Mae will ascertain the Prime Rate for the related Interest Accrual Period in the manner specified in the REMIC Prospectus under “Description of the Certificates—Indices Applicable to Floating Rate and Inverse Floating Rate Classes—*Prime Rate*.”

## Distributions of Principal

### *Categories of Classes and Components*

For the purpose of payments of principal, the Classes or Components will be categorized as follows:

<u>Principal Type*</u>	<u>Classes or Components</u>
PAC I	A, B, C, D, BA, CB, E, CA, G, GA, KF, ZQ, H, FN, SN, FP, SP and J
PAC II	M and FA
Scheduled	FE, SE, FW, SW, SX, FB, SB and SD
TAC	FI, SI, SK, SJ, SL, F1, S1, SG1 and SH1
Notional	L, LA, SA and SM
Support	FC, SC, F2, S2, SG2, SH2, FV1, FV2, SV1, SV2, FO1, FO2, FO3, SO1, SO2, SO3, FT1, FT2, FT3, ST1, ST2, ST3, SU1, SU2, SU3, FY1, FY2, FY3, SY1, SY2 and SY3
Component	F, S, SG, SH, FV, SV, FO, SO, FT, ST, SU, FY and SY
Liquid Asset	KA
Accretion Directed	KA, KB, KC, KD and KE
No Payment Residual	R and RL

\* See “Description of the Certificates—Class Definitions and Abbreviations” in the REMIC Prospectus.

### *Principal Distribution Amount*

Principal will be distributed monthly on the Certificates in an amount (the “Principal Distribution Amount”) equal to the sum of (i) the aggregate distributions of principal concurrently made on the MBS (the Cash Flow Distribution Amount”) and (ii) any interest accrued and added on such Distribution Date to the principal balance of the Accrual Class (the “Accrual Amount”).

### *Accrual Amount*

On each Distribution Date, the Accrual Amount will be distributed, sequentially, as principal of the KA, KB, KC, KD and KE Classes, in that order, until the respective principal balances thereof are reduced to zero, and then to the ZQ Class, without regard to its Planned Balance.

Accretion  
Directed  
and  
Accrual  
Classes

*Cash Flow Distribution Amount*

The GA, ZQ, KF and Accretion Directed Classes are referred to herein collectively as the Aggregate Planned Group. Any distributions of principal to be applied to the Aggregate Planned Group pursuant to clauses (ii)-(v) of paragraph (a) below and clause (v) of paragraph (d) below shall be distributed to the GA, ZQ, KF and Accretion Directed Classes in the following order of priority:

(i) to the GA Class, until the principal balance thereof is reduced to its Planned Balance for such Distribution Date;

(ii) concurrently, to the ZQ and KF Classes, in the proportions of 69.4444442170% and 30.5555557830%, respectively, until the principal balances thereof are reduced to their respective Planned Balances for such Distribution Date;

(iii) to the ZQ, KF and Accretion Directed Classes, in the order and proportions set forth in the following table, without regard to the Planned Balances of the ZQ and KF Classes and until the principal balances thereof are reduced to zero:

	Allocated to	
	<u>Class listed in the preceding column</u>	<u>KF Class</u>
KA .....	69.4444442170%	30.5555557830%
KB .....	69.4444442170%	30.5555557830%
KC .....	69.4444442170%	30.5555557830%
KD .....	69.4444442170%	30.5555557830%
KE .....	69.4444442170%	30.5555557830%
ZQ .....	69.4444442170%	30.5555557830%

(iv) to the GA Class, without regard to the Planned Balance and until the principal balance thereof is reduced to zero.

PAC I  
and  
Accretion  
Directed  
Classes

(a) On each Distribution Date, the Cash Flow Distribution Amount will be distributed as principal of the Classes and Components in the following order of priority:

(i) to the following PAC I Classes, in the order and proportions set forth in the following table, until the principal balances thereof are reduced to their respective Planned Balances for such Distribution Date:

		Allocated to		
	<u>Class listed in the preceding column</u>	<u>CA Class</u>	<u>BA Class</u>	<u>CB Class</u>
A .....	85.9963688406%	4.8880058368%	9.1156253226%	0%
B .....	81.4394873901%	4.8880060227%	1.5679572694%	12.1045493178%
C .....	79.3454905357%	4.8880057898%	2.4966281987%	13.2698754758%
D .....	76.4792006819%	4.8880061318%	5.3629189136%	13.2698742727%
E .....	96.5027522704%	3.4972477296%	0%	0%

(ii) concurrently, to the Aggregate Planned Group and the G Class, in the proportions of 52.3479429055% and 47.6520570945%, respectively, until the principal balance of the G Class is reduced to its Planned Balance for such Distribution Date;

(iii) concurrently, to the Aggregate Planned Group and the H, FN, SN, FP and SP Classes, in the proportions of 42.6135877025%, 30.3757896217%, 5.1323357488%, 6.3892342805%, 11.6167896010% and 3.8722630455%, respectively, until the principal balances of the H, FN, SN, FP and SP Classes are reduced to their respective Planned Balances for such Distribution Date;

(iv) to the J Class, until the principal balance thereof is reduced to its Planned Balance for such Distribution Date;

(v) to the Aggregate Planned Group, until the aggregate of the principal balances thereof is reduced to the Aggregate Planned Balance for such Distribution Date;

(vi) concurrently, to the M and FA Classes, in proportion to their original principal balances (or 80% and 20%, respectively), until the principal balances thereof are reduced to their respective Planned Balances for such Distribution Date; and

(vii) concurrently, to the FB, SB, SD, FE, SE, FW, SW and SX Classes, in proportion to their original principal balances (or 31.5365982587%, 6.8929990672%, 6.6226850124%, 17.9731716418%, 6.4189894279%, 22.5146190920%, 3.8674953358% and 4.1734421642%, respectively), until the principal balances thereof are reduced to their respective Scheduled Balances for such Distribution Date.

PAC I

Accretion  
Directed  
Classes

PAC II  
Classes

Scheduled  
Classes

(b) On each Distribution Date, up to 47.7554220570% of the excess of the Cash Flow Distribution Amount over the amount applied pursuant to paragraph (a) above will be distributed as principal of the Classes and Components in the following order of priority:

(i) concurrently, to the F1, S1, SG1 and SH1 Components, in proportion to their original principal balances, (or 73.6842102593%, 7.4478653081%, 12.1901886547% and 6.6777357779%, respectively), until the principal balances thereof are reduced to their respective Targeted Balances for such Distribution Date;

(ii) concurrently, to the F2, S2, SG2, SH2, FV2, SV2, FO2, SO2, FT2, ST2, SU2, FY2 and SY2 Components, in proportion to their original principal balances (or 56.0834679608%, 5.6688139817%, 9.2783519190%, 5.0826437252%, 11.5859473901%, 4.1378385937%, 0.8625311693%, 0.2464369967%, 3.6226292305%, 0.6900249355%, 0.8625311693%, 1.4612750506% and 0.4175078776%, respectively), until the principal balances thereof are reduced to zero; and

(iii) concurrently, to the F1, S1, SG1 and SH1 Components, in the proportions set forth in clause (b) (i) above, without regard to the Targeted Balances and until the principal balances thereof are reduced to zero.

(c) On each Distribution Date, up to 30.5555545233% of the excess of the Cash Flow Distribution Amount over the amount applied pursuant to paragraph (a) above will be distributed as principal of the Classes and Components in the following order of priority:

(i) concurrently, to the FI, SI, SK, SJ and SL Classes, in proportion to their original principal balances (or 73.6842118439%, 9.6505631142%, 3.5452822145%, 9.6505631142% and 3.4693797132%, respectively), until the principal balances thereof are reduced to their respective Targeted Balances for such Distribution Date;

(ii) concurrently, to the FO3, SO3, FT3, ST3, SU3, FY3 and SY3 Components, in proportion to their original principal balances (or 10.5664299648%, 3.0189799899%, 44.3790094634%, 8.4531433699%, 10.5664299648%, 17.9013399732% and 5.1146672740%, respectively), until the principal balances thereof are reduced to zero; and

(iii) concurrently, to the FI, SI, SK, SJ and SL Classes, in the proportions set forth in clause (c) (i) above, without regard to the Targeted Balances and until the principal balances thereof are reduced to zero.

(d) On each Distribution Date, the excess of the Cash Flow Distribution Amount over the amount applied pursuant to paragraphs (a)-(c) above will be distributed as principal of the Classes and Components in the following order of priority:

(i) concurrently, to the FC and SC Classes, in proportion to their original principal balances (or 73.6842089980% and 26.3157910020%, respectively), until the principal balances thereof are reduced to zero;

(ii) concurrently, to the FV1, SV1, FO1, SO1, FT1, ST1, SU1, FY1 and SY1 Components, in proportion to their original principal balances (or 48.5037193486%, 17.3227558529%, 3.6109218821%, 1.0316914377%, 15.1658711648%, 2.8887382458%, 3.6109218821%, 6.1175187448% and 1.7478614412%, respectively), until the principal balances thereof are reduced to zero;

(iii) concurrently, to the Scheduled Classes, in the proportions set forth in clause (a) (vii) above, without regard to the Scheduled Balances and until the principal balances thereof are reduced to zero;

## Structuring Assumptions

*Pricing Assumptions.* Unless otherwise specified, the information in the tables in this Prospectus Supplement has been prepared on the basis of the following assumptions (the “Pricing Assumptions”):

- each Mortgage Loan bears interest at a rate of 7.60% per annum and has an original term to maturity of 360 months, and the following principal amounts of the Mortgage Loans have the remaining terms to maturity and CAGEs, respectively, as specified:

\$429,091,226	360 months	0 months
\$429,091,226	358 months	2 months
\$429,091,226	357 months	3 months
\$198,042,107	354 months	6 months
\$165,035,087	350 months	10 months

- the Mortgage Loans prepay at the *constant* percentages of PSA specified in the related table;
- the closing date for the sale of the Certificates is the Settlement Date; and
- the first Distribution Date for the Certificates occurs in the month following the Settlement Date.

*PSA Assumptions.* Prepayments of mortgage loans commonly are measured relative to a prepayment standard or model. The model used in this Prospectus Supplement is the Public Securities Association’s standard prepayment model (“PSA”). To assume a specified rate of PSA (for example, 200% PSA) is to assume a specified rate of prepayment each month of the then outstanding principal balance of a pool of new mortgage loans computed as described under “Description of the Certificates—Prepayment Considerations and Risks” in the REMIC Prospectus. There is no assurance that prepayments will occur at any PSA rate or at any other constant rate.

The Principal Balance Schedules have been prepared on the basis of the Pricing Assumptions and the assumption that the Mortgage Loans prepay at the approximate *constant* levels set forth in the following table.

Principal Balance Schedule References	Related Classes and Components	PSA Levels
Planned Balances	PAC I	Between 95% and 250%
Aggregate Planned Balance	Aggregate Planned Group	Between 95% and 250%
Planned Balances	PAC II	Between 123% and 230%
Scheduled Balances	Scheduled	Between 140% and 230%
Targeted Balances	FI, SI, SK, SJ, SL, F1, S1, SG1 and SH1	200%

There is no assurance that the principal balances of the Classes and Components listed above will conform on any Distribution Date to the applicable balances specified for such Distribution Date in the Principal Balance Schedules below, or that distributions of principal on the related Classes and Components will begin or end on the respective Distribution Dates specified therein. Because any excess of the principal available for distribution on any Distribution Date over the amount necessary to reduce the principal balances of the applicable Classes and Components to their respective scheduled balances will be distributed, the ability to so reduce the principal balances of such Classes and Components will not be enhanced by the averaging of high and low principal payments. In addition, even if prepayments remain within the ranges specified above, the principal available for distribution may be insufficient to reduce the applicable Classes to such respective balances, if prepayments do not occur at a *constant* PSA rate. Moreover, because of the diverse remaining terms to maturity of the Mortgage Loans (which may include recently originated Mortgage Loans), the Classes and Components specified above may not be reduced to their respective scheduled amounts, even if prepayments occur at a *constant* level within the ranges or at the rate specified above.

## Principal Balance Schedules

<u>Distribution Date</u>	<u>A Class Planned Balance</u>	<u>B Class Planned Balance</u>	<u>C Class Planned Balance</u>	<u>D Class Planned Balance</u>	<u>BA Class Planned Balance</u>	<u>CB Class Planned Balance</u>	<u>E Class Planned Balance</u>	<u>CA Class Planned Balance</u>
Initial Balance .....	\$95,486,591.00	\$100,265,181.00	\$60,759,825.00	\$86,080,346.00	\$20,000,000.00	\$40,000,000.00	\$146,522,330.00	\$26,000,000.00
September 1993 .....	93,524,208.03	100,265,181.00	60,759,825.00	86,080,346.00	19,791,987.17	40,000,000.00	146,522,330.00	25,888,458.78

## Characteristics of the R and RL Classes

The R and RL Certificates will not have principal balances and will not bear interest. The Holder of the R Certificate will be entitled to receive the proceeds of the remaining assets of the Trust, if any, after the principal balances of all Classes have been reduced to zero, and the Holder of the RL Certificate will be entitled to receive the proceeds of the remaining assets of the Lower Tier REMIC, if any, after the principal balances of the Lower Tier Interests have been reduced to zero. It is not anticipated that there will be any material assets remaining in either such circumstance.

The R Class and the RL Class will be subject to certain transfer restrictions. No transfer of record or beneficial ownership of an R or RL Certificate will be allowed to a “disqualified organization.” In addition, no transfer of record or beneficial ownership of an R or RL Certificate will be allowed to any person that is not a “U.S. Person” without the written consent of Fannie Mae. Under regulations issued by the Treasury Department on December 23, 1992 (the “Regulations”), a transfer of a “noneconomic residual interest” to a U.S. Person will be disregarded for all federal tax purposes unless no significant purpose of the transfer is to impede the assessment or collection of tax. The R and RL Certificates will constitute noneconomic residual interests under the Regulations. Any transferee of an R or RL Certificate must execute and deliver an affidavit and an Internal Revenue Service Form W-9 on which the transferee provides its taxpayer identification number. See “Description of the Certificates—Additional Characteristics of Residual Certificates” and “Certain Federal Income Tax Consequences—Taxation of Beneficial Owners of Residual Certificates” in the REMIC Prospectus. Transferors of an R or RL Certificate should consult with their own tax advisors for further information regarding such transfers.

The Holder of the R Certificate will be considered to be the holder of the “residual interest” in the REMIC constituted by the Trust, and the Holder of the RL Certificate will be considered to be the holder of the “residual interest” in the REMIC constituted by the Lower Tier REMIC. See “Certain Federal Income Tax Consequences” in the REMIC Prospectus. Pursuant to the Trust Agreement, Fannie Mae will be obligated to provide to such Holders (i) such information as is necessary to enable them to prepare their federal income tax returns and (ii) any reports regarding the Certificates that may be required under the Code.

## Yield Considerations

*General.* There can be no assurance that the Mortgage Loans will have the characteristics assumed herein or will prepay at any of the rates assumed herein or at any other particular rate, that the pre-tax yields on the Certificates will correspond to any of the pre-tax yields shown herein or that the aggregate purchase prices of the Certificates will be as assumed. In addition, there can be no assurance that the applicable Index will correspond to the levels shown herein. Because the rate of principal distributions on the Certificates will be related to the amortization of the Mortgage Loans in each Pool, which are likely to include Mortgage Loans that have remaining terms to maturity shorter or longer than those assumed and interest rates higher or lower than those assumed, the principal distributions on the Certificates are likely to differ from those assumed, even if all Mortgage Loans prepay at the indicated constant percentages of PSA. In addition, it is not likely that the Mortgage Loans will prepay at a constant PSA rate until maturity, that all of such Mortgage Loans will prepay at the same rate or that the level of the applicable Index will remain constant.

The timing of changes in the rate of prepayments or the level of the applicable Index may significantly affect the actual yield to maturity to investors, even if the average rate of principal prepayments or the average level of such Index is consistent with the expectations of investors. In general, the earlier the payment of principal of the Mortgage Loans or change in the level of an Index, the greater the effect on an investor’s yield to maturity. As a result, the effect on an investor’s yield of principal prepayments or the level of an Index occurring at a rate or level higher (or lower) than the rate or level anticipated by the investor during the period immediately following the issuance of the

Certificates will not be offset by a subsequent like reduction (or increase) in the rate of principal prepayments or level of such Index.

The effective yield on the Delay Classes will be reduced below the yield otherwise produced because principal and interest payable on a Distribution Date will not be distributed until the 25th day following the end of the related Interest Accrual Period and will not bear interest during such delay. No interest at all will be paid on any Class after its principal balance has been reduced to zero. As a result of the foregoing, the market value of the Delay Classes will be lower than would have been the case if there were no such delay. Investors must make their own decisions as to the appropriate assumptions, including prepayment assumptions, to be used in deciding whether to purchase the Certificates.

The tables below indicate the sensitivity of the pre-tax corporate bond equivalent yields to maturity of certain Classes to various constant percentages of PSA and, where specified, to changes in the applicable Index. The yields set forth in the tables were calculated by determining the monthly discount rates that, when applied to the assumed streams of cash flows to be paid on the applicable Classes, would cause the discounted present value of such assumed streams of cash flows to equal the assumed aggregate purchase prices of such Classes and converting such monthly rates to corporate bond equivalent rates. Such calculations do not take into account variations that may occur in the interest rates at which investors may be able to reinvest funds received by them as distributions on the Certificates and consequently do not purport to reflect the return on any investment in the Certificates when such reinvestment rates are considered.

***The Interest Only Classes.*** As indicated in the table below, the yields to investors in the L and LA Classes will be sensitive to the rate of principal payments (including prepayments) of the Mortgage Loans, which generally can be prepaid at any time. On the basis of the assumptions described below, the yield to maturity on the L and LA Classes would be 0% if prepayments were to occur at constant rates of approximately 487% PSA and 408% PSA, respectively. If the actual prepayment rate of the Mortgage Loans were to exceed either of the foregoing levels for as little as one month while equaling such levels for the remaining months, the investors in the L and LA Classes, as applicable, would not fully recoup their initial investments.

The information set forth in the following table was prepared on the basis of the Pricing Assumptions and the assumption that the aggregate purchase prices of the L and LA Classes (expressed as percentages of original principal balance) are as follows:

<u>Class</u>	<u>Price*</u>
L .....	14.68626%
LA .....	33.42225%

\* The prices do not include accrued interest. Accrued interest has been added to such prices in calculating the yields set forth in the table below.

**Sensitivity of the L and LA Classes to Prepayments  
(Pre-Tax Yields to Maturity)**

<u>Class</u>	<u>PSA Prepayment Assumption</u>				
	<u>50%</u>	<u>95%</u>	<u>200%</u>	<u>250%</u>	<u>500%</u>
L .....	25.9%	9.5%	9.5%	9.5%	(0.9)%
LA .....	17.1%	10.8%	10.8%	10.8%	(7.4)%

***The Inverse Floating Rate Classes.*** The yields to investors in the Inverse Floating Rate Classes will be sensitive in varying degrees to the level of the applicable Index and to the rate of principal payments (including prepayments) of the Mortgage Loans, which gener-

ally can be prepaid at any time. As indicated in the tables below, a high level of the applicable Index will have a negative effect on the yields to investors in the Inverse Floating Rate Classes. It is possible that, under certain Index or prepayment scenarios, investors in the SA, SP and SM Classes would not fully recoup their initial investments.

Changes in the applicable Index may not correlate with changes in prevailing mortgage interest rates. It is possible that lower prevailing mortgage interest rates, which might be expected to result in faster prepayments, could occur concurrently with an increased level of such Index.

The information set forth in the following tables was prepared on the basis of the Pricing Assumptions and the assumptions that (i) (a) the interest rates applicable to the Inverse Floating Rate Classes (other than the S, SG and SH Classes) for each Interest Accrual Period subsequent to their initial Interest Accrual Period will be based on the indicated level of the applicable Index and (b) the interest rates applicable to the S, SG and SH Classes for each Interest Accrual Period subsequent to their initial thirty Interest Accrual Periods will be based on the indicated level of LIBOR and (ii) the aggregate purchase prices of the Inverse Floating Rate Classes (expressed as percentages of original principal balance) are as follows:

<u>Class</u>	<u>Price*</u>
S .....	95.82000%
SA .....	9.20982%
SB .....	99.00000%
SD .....	100.00000%
SC .....	97.27500%
SE .....	99.45000%
SG .....	99.50000%
SH .....	89.09449%
SI .....	98.00000%
SJ .....	98.00000%
SK .....	98.00000%
SL .....	98.00000%
SM .....	5.54094%
SN .....	97.68421%
SO .....	91.85000%
SP .....	100.50247%
ST .....	90.00000%
SU .....	96.20000%
SV .....	92.54000%
SW .....	100.05152%
SX .....	99.87500%
SY .....	89.32000%

\* The prices do not include accrued interest. Accrued interest has been added to such prices in calculating the yields set forth in the tables below.

### Sensitivity of the S Class to Prepayments and LIBOR (Pre-Tax Yields to Maturity)

<u>LIBOR</u>	<u>PSA Prepayment Assumption</u>				
	<u>50%</u>	<u>95%</u>	<u>200%</u>	<u>250%</u>	<u>500%</u>
1.83% .....	18.3%	18.3%	17.7%	17.1%	17.6%
3.83% .....	14.3%	14.3%	14.9%	15.6%	17.6%

7.50% .....	0.4%	0.4%	0.6%	4.2%	13.2%

**Weighted Average Lives of the Certificates**

The weighted average life of a Certificate is determined by (a) multiplying the amount of the reduction, if any, of the principal balance of such Certificate from one Distribution Date to the next Distribution Date by the number of years from the date of issuance to the second such Distribution Date, (b) summing the results and (c) dividing the sum by the aggregate amount of the reductions in principal balance of such Certificate referred to in clause (a). For a description of the factors which may influence the weighted average life of a Certificate, see “Description of the Certificates—Weighted Average Life and Final Distribution Dates” in the REMIC Prospectus.

In general, the weighted average lives of the Certificates will be shortened if the level of prepayments of principal of the Mortgage Loans increases. However, the weighted average lives will depend upon a variety of other factors, including the timing of changes in such rate of principal payments, the priority sequence of distributions of principal of the Classes and the distribution of principal of certain Classes in accordance with the Principal Balance Schedules herein. In particular, if the amount distributable as principal of the Certificates on any Distribution Date exceeds the amount required to reduce the principal balances of certain Classes with higher principal payment priorities to their respective scheduled amounts as set forth in the Principal Balance Schedules, such excess principal will be distributed on the remaining Classes on such Distribution Date. Conversely, if the principal distributable on any Distribution Date is less than the amount so required to reduce certain Classes to their respective scheduled amounts, no principal will be distributed on the remaining Classes on such Distribution Date. Accordingly, the rate of principal payments on the Mortgage Loans is expected to have a greater effect on the weighted average lives of the Support Classes and, under certain prepayment scenarios, the TAC Classes, the Scheduled Classes and the PAC II Classes, than on the weighted average lives of the PAC I Classes. See “Distributions of Principal” herein.

The interaction of the foregoing factors may have different effects on various Classes and the effects on any Class may vary at different times during the life of such Class. Accordingly, no assurance can be given as to the weighted average life of any Class. Further, to the extent the prices of the Certificates represent discounts or premiums to their respective original principal balances, variability in the weighted average lives of such Classes of Certificates could result in variability in the related yields to maturity. For an example of how the weighted average lives of the Classes may be affected at various *constant* prepayment rates, see the Decrement Tables below.

As described under “General—Components” herein, for purposes of calculating payments of principal, the F, S, SG, SH, FV, SV, FO, SO, FT, ST, SU, FY and SY Classes are comprised of multiple Components. Since such Components are not divisible, the payment characteristics of each such Class will reflect a combination of the payment characteristics of the related Components.

## Decrement Tables

The following tables indicate the percentages of original principal balances of the specified Classes that would be outstanding after each of the dates shown at various *constant* PSA levels and the corresponding weighted average lives of such Classes. The tables have been prepared on the basis of the Pricing Assumptions, except that with respect to the information set forth for each such Class under 0% PSA it has been assumed that each underlying Mortgage Loan bears an interest rate of 9.5% per annum and has an original and remaining term to maturity of 360 months. It is not likely that (i) all of the underlying Mortgage Loans will have the interest rates, CAGEs or remaining terms to maturity assumed or (ii) the underlying Mortgage Loans will prepay at a *constant* PSA level. In addition, the diverse remaining terms to maturity of the Mortgage Loans (which will include recently originated Mortgage Loans) could produce slower or faster principal distributions than indicated in the tables at the specified *constant* PSA levels, even if the distributions of the weighted average remaining terms to maturity and the weighted average CAGEs of the Mortgage Loans are identical to the distributions of the remaining terms to maturity and CAGEs specified in the Pricing Assumptions.

## Percent of Original Principal Balances Outstanding

Date	A Class					B Class					C Class					D Class

\* Indicates an outstanding balance greater than 0% and less than 0.5% of the original principal balance.

\*\* Determined as specified under “Weighted Average Lives of the Certificates” herein.

† In the case of a Notional Class, the Decrement Table indicates the percentage of the original notional principal balance outstanding.

## **CERTAIN ADDITIONAL FEDERAL INCOME TAX CONSEQUENCES**

The following tax discussion, when read in conjunction with the discussion of “Certain Federal Income Tax Consequences” in the REMIC Prospectus, describes the current federal income tax treatment of investors in the Certificates. These two tax discussions do not purport to deal with all federal tax consequences applicable to all categories of investors, some of which may be subject to special rules. Investors should consult their own tax advisors in determining the federal, state, local and any other tax consequences to them of the purchase, ownership and disposition of the Certificates.

### **REMIC Elections and Special Tax Attributes**

Elections will be made to treat the Lower Tier REMIC and the Trust as REMICs for federal income tax purposes. The Certificates, other than the R and RL Classes, will be designated as the “regular interests,” and the R Class will be designated as the “residual interest,” in the REMIC constituted by the Trust. The Lower Tier Regular Interests will be designated as the “regular interests,” and the RL Class will be designated as the “residual interest,” in the Lower Tier REMIC.

As a consequence of the qualification of the Trust and the Lower Tier REMIC as REMICs, the Certificates generally will be treated as “qualifying real property loans” for mutual savings banks and domestic building and loan associations, “regular or residual interests in a REMIC” for domestic building and loan associations, “real estate assets” for real estate investment trusts, and, except for the R and RL Classes, as “qualified mortgages” for other REMICs. See “Certain Federal Income Tax Consequences—Special Tax Attributes” in the REMIC Prospectus.

### **Taxation of Beneficial Owners of Regular Certificates**

The Notional Classes, the Accrual Class and the F, S, SG, SH and SY Classes will be, and certain other Classes of Certificates may be, issued with original issue discount for federal income tax purposes, which generally will result in recognition of some taxable income in advance of the receipt of the cash attributable to such income. The Prepayment Assumption that will be used in determining the rate of accrual of original issue discount will be 200% PSA. See “Certain Federal Income Tax Consequences—Taxation of Beneficial Owners of Regular Certificates—*Original Issue Discount*” in the REMIC Prospectus. No representation is made as to whether the Mortgage Loans underlying the MBS will prepay at that or any other rate. See “Description of the Certificates—Weighted Average Lives of the Certificates” herein and “Description of the Certificates—Weighted Average Life and Final Distribution Dates” in the REMIC Prospectus. In addition, certain Classes of Certificates may be treated as having been issued at a premium for federal income tax purposes. See “Certain Federal Income Tax Consequences—Taxation of Beneficial Owners of Regular Certificates—*Certificates Purchased at a Premium*” in the REMIC Prospectus.

The F, S, SG and SH Classes will bear interest during their first thirty Interest Accrual Periods at fixed rates. During all subsequent Interest Accrual Periods, each of the F, S, SG and SH Classes will bear interest at a variable rate that is determined by reference to LIBOR as described in “Description of the Certificates—Calculation of LIBOR” herein. Fannie Mae intends to treat all interest payments on the F, S, SG and SH Classes as included in their respective stated redemption prices at maturity. See “Certain Federal Income Tax Consequences—Taxation of Beneficial Owners of Regular Certificates—*Original Issue Discount*” in the REMIC Prospectus. Investors should be aware, however, of two sets of proposed Internal Revenue Service regulations: proposed regulations governing contingent payments that were published in the Federal Register on April 8, 1986 (the “1986 Proposed Contingent Payment Regulations”), and proposed original issue discount regulations that contain rules applicable to variable rate debt instruments and that were published in the Federal Register on December 22, 1992 (the “1992 Proposed OID Regulations”). Although neither set of proposed regulations is directly applicable to the F, S, SG and SH Classes and all proposed regulations are subject to change before their adoption in final form, the variable rate or contingent payment principles contained in those proposed regulations may be applied to such Classes. Investors are urged

to consult their own tax advisors with respect to the possible application of the variable rate or contingent payment principles in those proposed regulations to the F, S, SG and SH Classes.

The initial interest rate on each of the SX, SD, SK, SL and SU Classes is the maximum stated interest rate for such Class. The 1992 Proposed OID Regulations provide, in effect, that a debt instrument bearing interest at a variable rate with a restriction on its minimum or maximum stated interest rate will be treated as a contingent debt instrument if the restriction is very likely to cause the interest rate during one or more accrual periods to be significantly greater or less, respectively, than the instrument's overall expected return. The 1992 Proposed OID Regulations are proposed to be effective for debt instruments issued on or after the date that is 60 days after the regulations are issued in final form. Although it is possible that the principles contained in the 1992 Proposed OID Regulations would be applied to debt instruments issued prior to that date, it is not clear whether those principles would apply to the SX, SD, SK, SL and SU Classes. Fannie Mae, therefore, intends to treat the SX, SD, SK, SL and SU Classes as variable rate debt instruments and not as contingent debt instruments. Investors are urged to consult their own tax advisors regarding the possible treatment of the SX, SD, SK, SL and SU Classes as variable rate or contingent debt instruments and the consequences of either such treatment.

### **Taxation of Beneficial Owners of Residual Certificates**

Under the Regulations, neither the R nor the RL Certificate will have significant value. As a result, an organization to which section 593 of the Code applies and which is the beneficial owner of the R or RL Certificate may not use its allowable deductions to offset any "excess inclusions" with respect to such Certificate. See "Certain Federal Income Tax Consequences—Taxation of Beneficial Owners of Residual Certificates—*Excess Inclusions*" in the REMIC Prospectus.

For purposes of determining the portion of the taxable income of the Trust (or the Lower Tier REMIC) that generally will not be treated as excess inclusions, the rate to be used is 120% of the "federal long-term rate." The rate will be published on or about July 20, 1993. See "Certain Federal Income Tax Consequences—Taxation of Beneficial Owners of Residual Certificates—*Excess Inclusions*" and "—Foreign Investors—*Residual Certificates*" in the REMIC Prospectus. The federal income tax consequences of any consideration paid to a transferee on the transfer of the R or RL Certificate are unclear; any transferee receiving such consideration should consult its own tax advisors.

Under the proposed IRS regulations relating to original issue discount, the Lower Tier Regular Interests would be treated as a single debt instrument for original issue discount purposes because they were issued to the Trust in a single transaction. Although there can be no assurance that final regulations will apply this aggregation rule to the Lower Tier Regular Interests, Fannie Mae intends to calculate the taxable income (or net loss) of the Trust and of the Lower Tier REMIC (and to report to the R and RL Certificateholders) by treating the Lower Tier Regular Interests as a single debt instrument. A failure of the Lower Tier Regular Interests to qualify as a single debt instrument for original issue discount purposes could result in material adverse tax consequences to the beneficial owners of the RL Class.

### **PLAN OF DISTRIBUTION**

*General.* The Dealer will receive the Certificates in exchange for the MBS pursuant to a Fannie Mae commitment. The Dealer proposes to offer the Certificates directly to the public from time to time in negotiated transactions at varying prices to be determined at the time of sale. The Dealer may effect such transactions to or through dealers.

*Increase in Certificates.* Fannie Mae and the Dealer may agree to offer hereby Certificates in addition to those contemplated as of the date hereof. In such event, the MBS will be increased in principal balance, but it is expected that all additional MBS will have the same characteristics as

described herein under “Description of the Certificates—The MBS.” The proportion that the original principal balance of each Class (and any Component) bears to the aggregate original principal balance of all the Certificates will remain the same. The dollar amounts reflected in the Principal Balance Schedules will be increased in pro rata amounts that correspond to the increase of the principal balance of the Certificates.

#### **LEGAL MATTERS**

Certain legal matters will be passed upon for the Dealer by Cleary, Gottlieb, Steen & Hamilton.

No dealer, salesman or other person has been authorized to give any information or to make any representations in connection with this offering other than those contained in this Prospectus Supplement, the REMIC Prospectus, the MBS Prospectus and the Information Statement and, if given or made, such information or representations must not be relied upon as having been authorized. This Prospectus Supplement and the aforementioned documents do not constitute an offer to sell or a solicitation of an offer to buy any of the Certificates offered hereby in any state to any person to whom it is unlawful to make such offer or solicitation in such state. The delivery of this Prospectus Supplement and the aforementioned documents at any time does not imply that the information contained herein or therein is correct as of any time subsequent to the date hereof or thereof.
