# **Guaranteed REMIC Pass-Through Certificates Fannie Mae REMIC Trust 2012-75**

#### The Certificates

We, the Federal National Mortgage Association (Fannie Mae), will issue the classes of certificates listed in the chart on this cover.

#### **Payments to Certificateholders**

We will make monthly payments on the certificates. You, the investor, will receive

- interest accrued on the balance of your certificate (except in the case of the accrual classes), and
- principal to the extent available for payment on your class.

We will pay principal at rates that may vary from time to time. We may not pay principal to certain classes for long periods of time.

#### The Fannie Mae Guaranty

We will guarantee that required payments of principal and interest on the certificates are available for distribution to investors on time.

#### The Trust and its Assets

The trust will own

- an underlying REMIC certificate backed by Fannie Mae MBS, and
- Fannie Mae MBS.

The mortgage loans underlying the Fannie Mae MBS are first lien, single-family, fixed-rate loans.

(Table continued on next page)

If you own certificates of certain classes, you can exchange them for certificates of the corresponding RCR classes to be delivered at the time of exchange. The DS, ES, DF, CF, HA, HB, HC, NS, LF, BA, AB, KA, KB and KC Classes are the RCR classes. For a more detailed description of the RCR classes, see Schedule 1 attached to this prospectus supplement and "Description of the Certificates—The Certificates—Combination and Recombination" in the REMIC prospectus.

The dealer will offer the certificates from time to time in negotiated transactions at varying prices. We expect the settlement date to be June 29, 2012.

Carefully consider the risk factors on page S-9 of this prospectus supplement and starting on page 11 of the REMIC prospectus. Unless you understand and are able to tolerate these risks, you should not invest in the certificates.

You should read the REMIC prospectus as well as this prospectus supplement.

The certificates, together with interest thereon, are not guaranteed by the United States and do not constitute a debt or obligation of the United States or any agency or instrumentality thereof other than Fannie Mae.

The certificates are exempt from registration under the Securities Act of 1933 and are "exempted securities" under the Securities Exchange Act of 1934.

#### AVAILABLE INFORMATION

You should purchase the certificates only if you have read and understood this prospectus supplement and the following documents (the "Disclosure Documents"):

- our Prospectus for Fannie Mae Guaranteed REMIC Pass-Through Certificates dated May 1, 2010 (the "REMIC Prospectus");
- our Prospectus for Fannie Mae Guaranteed Pass-Through Certificates (Single-Family Residential Mortgage Loans) dated
  - February 1, 2012, for all MBS issued on or after February 1, 2012,
  - o July 1, 2011, for all MBS issued on or after July 1, 2011 and prior to February 1, 2012,
  - o June 1, 2009, for all MBS issued on or after January 1, 2009 and prior to July 1, 2011,
  - April 1, 2008, for all MBS issued on or after June 1, 2007 and prior to January 1, 2009, or
  - January 1, 2006, for all other MBS (as applicable, the "MBS Prospectus");
- if you are purchasing a Group 1 Class or the R or RL Class, the disclosure document relating to the underlying REMIC certificate (the "Underlying REMIC Disclosure Document"); and
- any information incorporated by reference in this prospectus supplement as discussed below and under the heading "Incorporation by Reference" in the REMIC Prospectus.

For a description of current servicing policies generally applicable to existing Fannie Mae MBS pools, see "Yield, Maturity, and Prepayment Considerations" in the MBS Prospectus dated February 1, 2012.

The MBS Prospectus and the Underlying REMIC Disclosure Document are incorporated by reference in this prospectus supplement. This means that we are disclosing information in those documents by referring you to them. Those documents are considered part of this prospectus supplement, so you should read this prospectus supplement, and any applicable supplements or amendments, together with those documents.

You can obtain copies of the Disclosure Documents by writing or calling us at:

Fannie Mae MBS Helpline 3900 Wisconsin Avenue, N.W., Area 2H-3S Washington, D.C. 20016 (telephone 1-800-237-8627).

In addition, the Disclosure Documents, together with the class factors, are available on our corporate Web site at www.fanniemae.com.

You also can obtain copies of the REMIC Prospectus, the MBS Prospectus and the Underlying REMIC Disclosure Document by writing or calling the dealer at:

Barclays Capital Inc. Attn: MBS Syndication Operations 70 Hudson Street Jersey City, New Jersey 07302 (telephone 201-499-8506).

### **SUMMARY**

This summary contains only limited information about the certificates. Statistical information in this summary is provided as of June 1, 2012. You should purchase the certificates only after reading this prospectus supplement and each of the additional disclosure documents listed on page S-3. In particular, please see the discussion of risk factors that appears in each of those additional disclosure documents.

### **Assets Underlying Each Group of Classes**

Group	Assets
1	Class 2012-25-B REMIC Certificate
2	Group 2 MBS
3	Group 3 MBS
4	Group 4 MBS
5	Group 5 MBS
6	Group 6 MBS
7	Group 7 MBS
8	Group 8 MBS
9	Group 9 MBS

### Group 1

Exhibit A describes the underlying REMIC certificate in Group 1, including certain information about the related mortgage loans. To learn more about the underlying REMIC certificate, you should obtain from us the current class factor and the related disclosure document as described on page S-3.

Group 2, Group 3, Group 4, Group 5, Group 6, Group 7, Group 8 and Group 9

Characteristics of the Trust MBS

	Approximate Principal Balance	Pass- Through Rate	Range of Weighted Average Coupons or WACs (annual percentages)	Range of Weighted Average Remaining Terms to Maturity or WAMs (in months)
Group 2 MBS	\$ 7,000,000	3.50%	3.75% to 6.00%	241 to 360
	\$114,973,890	3.50%	3.75% to 6.00%	241 to 360
Group 3 MBS	\$279,778,468	4.00%	4.25% to $6.50%$	241 to 360
Group 4 MBS	\$ 83,000,000	4.50%	4.75% to 7.00%	241 to 360
	\$ 77,000,000	4.50%	4.75% to 7.00%	241 to 360
	\$ 88,000,000	4.50%	4.75% to 7.00%	241 to 360
Group 5 MBS	\$ 62,083,757	5.00%	5.25% to $7.50%$	241 to 360
	\$ 40,123,814	5.00%	5.25% to $7.50%$	241 to 360
Group 6 MBS	\$ 63,706,616	4.50%	4.75% to 7.00%	121 to 180
Group 7 MBS	\$ 26,129,282	5.00%	5.25% to $7.50%$	115 to 180
Group 8 MBS	\$ 33,614,771	5.50%	5.75% to 8.00%	75 to 180
Group 9 MBS	\$ 66,000,000	4.50%	4.75% to 7.00%	241 to 360
-	\$ 67,452,579	4.50%	4.75% to 7.00%	241 to 360

Assumed Characteristics of the Underlying Mortgage Loans

	Principal Balance	Original Term to Maturity (in months)	Remaining Term to Maturity (in months)	Loan Age (in months)	Interest Rate
Group 2 MBS	\$ 7,000,000	360	346	9	4.155%
	\$114,973,890	360	356	3	4.050%
Group 3 MBS	\$279,778,468	360	352	2	4.497%
Group 4 MBS	\$ 83,000,000	360	337	18	4.890%
	\$ 77,000,000	360	340	15	4.910%
	\$ 88,000,000	360	350	6	4.930%
Group 5 MBS	\$ 62,083,757	360	341	14	5.351%
	\$ 40,123,814	360	334	20	5.364%
Group 6 MBS	\$ 63,706,616	180	146	34	4.848%
Group 7 MBS	\$ 26,129,282	180	124	56	5.553%
Group 8 MBS	\$ 33,614,771	180	82	93	5.882%
Group 9 MBS	\$ 66,000,000	360	338	17	4.860%
	\$ 67,452,579	360	334	8	4.960%

The actual remaining terms to maturity, loan ages and interest rates of most of the mortgage loans underlying the Trust MBS will differ from those shown above, perhaps significantly.

#### **Settlement Date**

We expect to issue the certificates on June 29, 2012.

#### **Distribution Dates**

We will make payments on the certificates on the 25th day of each calendar month, or on the next business day if the 25th day is not a business day.

### **Record Date**

On each distribution date, we will make each monthly payment on the certificates to holders of record on the last day of the preceding month.

### **Book-Entry and Physical Certificates**

We will issue the classes of certificates in the following forms:

Fed Book-Entry	Physical
All classes of certificates other than the R and RL Classes	R and RL Classes

### **Exchanging Certificates Through Combination and Recombination**

If you own certificates of a class designated as "exchangeable" on the cover of this prospectus supplement, you will be able to exchange them for a proportionate interest in the related RCR certificates. Schedule 1 lists the available combinations of the certificates eligible for exchange and the related RCR certificates. You can exchange your certificates by notifying us and paying an exchange fee. We will deliver the RCR certificates upon such exchange.

We will apply principal and interest payments from exchanged REMIC certificates to the corresponding RCR certificates, on a pro rata basis, following any exchange.

#### **Interest Rates**

During each interest accrual period, the fixed rate classes will bear interest at the applicable annual interest rates listed on the cover of this prospectus supplement or on Schedule 1.

During the initial interest accrual period, the floating rate and inverse floating rate classes will bear interest at the initial interest rates listed below. During each subsequent interest accrual period, the floating rate and inverse floating rate classes will bear interest based on the formulas indicated below, but always subject to the specified maximum and minimum interest rates:

Class	Initial Interest Rate	Maximum Interest Rate	Minimum Interest Rate	Formula for Calculation of Interest Rate(1)
AF	0.60%	7.00%	0.35%	LIBOR + 35 basis points
AS	6.40%	6.65%	0.00%	$6.65\% - \mathrm{LIBOR}$
EF	0.75%	6.50%	0.50%	LIBOR + 50 basis points
CS	5.65%	5.90%	0.00%	$5.90\% - \mathrm{LIBOR}$
IC	0.05%	0.05%	0.00%	$5.95\% - \mathrm{LIBOR}$
ID	0.05%	0.05%	0.00%	$6.00\% - \mathrm{LIBOR}$
FH	0.60%	7.00%	0.35%	LIBOR + 35 basis points
SH	6.40%	6.65%	0.00%	$6.65\% - \mathrm{LIBOR}$
HF	0.70%	7.00%	0.45%	LIBOR + 45 basis points
HS	6.30%	6.55%	0.00%	$6.55\% - \mathrm{LIBOR}$
MF	0.60%	7.00%	0.35%	LIBOR + 35 basis points
MS	6.40%	6.65%	0.00%	$6.65\% - \mathrm{LIBOR}$
NF	0.65%	7.00%	0.40%	LIBOR + 40 basis points
LS	6.30%	6.55%	0.00%	$6.55\% - \mathrm{LIBOR}$
IL	0.05%	0.05%	0.00%	$6.60\% - \mathrm{LIBOR}$
FK	0.60%	7.00%	0.35%	LIBOR + 35 basis points
SK	6.40%	6.65%	0.00%	$6.65\% - \mathrm{LIBOR}$
KF	0.70%	7.00%	0.45%	LIBOR + 45 basis points
KS	6.30%	6.55%	0.00%	$6.55\% - \mathrm{LIBOR}$
DS	5.70%	5.95%	0.00%	$5.95\% - \mathrm{LIBOR}$
ES	5.75%	6.00%	0.00%	$6.00\% - \mathrm{LIBOR}$
DF	0.80%	6.50%	0.55%	LIBOR + 55 basis points
CF	0.85%	6.50%	0.60%	LIBOR + 60 basis points
NS	6.35%	6.60%	0.00%	$6.60\% - \mathrm{LIBOR}$
LF	0.70%	7.00%	0.45%	LIBOR + 45 basis points

<sup>(1)</sup> We will establish LIBOR on the basis of the "BBA Method."

### **Notional Classes**

The notional principal balances of the notional classes specified below will equal the percentages of the outstanding balances specified below immediately before the related distribution date:

Class	
AS	100% of the AF Class
CS	100% of the EF Class
IC	100% of the EF Class
ID	100% of the EF Class
DS	100% of the EF Class
ES	100% of the EF Class
CI	20% of the CA Class
SH	100% of the FH Class
HS	100% of the HF Class
MS	100% of the MF Class
LS	100% of the NF Class
IL	100% of the NF Class
NS	100% of the NF Class
AI	148.2785187257% of the AC Class
BI	158.1407960250% of the BC Class
DI	166.2099456490% of the DA Class
SK	100% of the FK Class
KS	100% of the KF Class

### **Distributions of Principal**

For a description of the principal payment priorities, see "Description of the Certificates—Distributions of Principal" in this prospectus supplement.

Determined as specified under "Yield, Maturity and Prepayment Considerations—Weighted Average Lives and Final Distribution Dates" in the REMIC Prospectus.

These classes are RCR classes formed from combinations of REMIC classes in three different groups. For additional information, see Schedule 1 attached to this prospectus supplement.

#### ADDITIONAL RISK FACTOR

Payments on the Group 1 Classes also will be affected by the payment priority governing the Class 2012-25-B REMIC Certificate. If you invest in a Group 1 Class, the rate at which you receive payments also will be affected by the priority sequence governing principal payments on the Class 2012-25-B REMIC Certificate.

As described in the Underlying REMIC Disclosure Document, the Class 2012-25-B REMIC Certificate may be subsequent in payment priority to certain other classes

issued from the related underlying REMIC trust. As a result, such other classes may receive principal before principal is paid on the Class 2012-25-B REMIC Certificate, possibly for long periods.

You may obtain additional information about the Class 2012-25-B REMIC Certificate by reviewing its current class factor in light of other information available in the Underlying REMIC Disclosure Document. You may obtain that document from us as described on page S-3.

### **DESCRIPTION OF THE CERTIFICATES**

The material under this heading describes the principal features of the Certificates. You will find additional information about the Certificates in the other sections of this prospectus supplement, as well as in the additional Disclosure Documents and the Trust Agreement. If we use a capitalized term in this prospectus supplement without defining it, you will find the definition of that term in the applicable Disclosure Document or in the Trust Agreement.

#### General

Structure. We will create the Fannie Mae REMIC Trust specified on the cover of this prospectus supplement (the "Trust") pursuant to a trust agreement dated as of May 1, 2010 and a supplement thereto dated as of June 1, 2012 (the "Issue Date"). We will issue the Guaranteed REMIC Pass-Through Certificates (the "REMIC Certificates") pursuant to that trust agreement and supplement. We will issue the Combinable and Recombinable REMIC Certificates (the "RCR Certificates" and, together with the REMIC Certificates, the "Certificates") pursuant to a separate trust agreement dated as of May 1, 2010 and a supplement thereto dated as of the Issue Date (together with the trust agreement and supplement relating to the REMIC Certificates, the "Trust Agreement"). We will execute the Trust Agreement in our corporate capacity and as trustee (the "Trustee"). In general, the term "Classes" includes the Classes of REMIC Certificates and RCR Certificates.

The assets of the Trust will include:

- a previously issued REMIC certificate (the "Group 1 Underlying REMIC Certificate," issued from the related Fannie Mae REMIC trust (the "Underlying REMIC Trust") as further described in Exhibit A, and
- eight groups of Fannie Mae Guaranteed Mortgage Pass-Through Certificates (the "Group 2 MBS," "Group 3 MBS," "Group 4 MBS," "Group 5 MBS," "Group 6 MBS," "Group 7 MBS," "Group 8 MBS" and "Group 9 MBS," and together, the "Trust MBS").

The Group 1 Underlying REMIC Certificate evidences direct or indirect beneficial ownership interests in certain Fannie Mae Guaranteed Mortgage Pass-Through Certificates (together with the Trust MBS, the "MBS").

Each MBS represents a beneficial ownership interest in a pool of first lien, one- to four-family ("single-family"), fixed-rate residential mortgage loans (the "Mortgage Loans") having the characteristics described in this prospectus supplement.

The Trust will include the "Lower Tier REMIC" and "Upper Tier REMIC" as "real estate mortgage investment conduits" (each, a "REMIC") under the Internal Revenue Code of 1986, as amended (the "Code").

The following chart contains information about the assets, the "regular interests" and the "residual interests" of each REMIC. The REMIC Certificates other than the R and RL Classes are collectively referred to as the "Regular Classes" or "Regular Certificates," and the R and RL Classes are collectively referred to as the "Residual Classes" or "Residual Certificates."

REMIC Designation	Assets	Regular Interests	Residual Interest
Lower Tier REMIC	Group 1 Underlying	Interests in the Lower Tier	RL
	REMIC Certificate and	REMIC other than the	
	Trust MBS	RL Class (the "Lower Tier	
		Regular Interests")	
Upper Tier REMIC	Lower Tier Regular	All Classes of REMIC	R
	Interests	Certificates other than the	
		R and RL Classes	

Fannie Mae Guaranty. For a description of our guaranties of the Certificates, the MBS and the Group 1 Underlying REMIC Certificate, see the applicable discussions appearing under the heading "Fannie Mae Guaranty" in the REMIC Prospectus, the MBS Prospectus and the Underlying REMIC Disclosure Document. Our guaranties are not backed by the full faith and credit of the United States.

Characteristics of Certificates. Except as specified below, we will issue the Certificates in book-entry form on the book-entry system of the U.S. Federal Reserve Banks. Entities whose names appear on the book-entry records of a Federal Reserve Bank as having had Certificates deposited in their accounts are "Holders" or "Certificateholders."

We will issue the Residual Certificates in fully registered, certificated form. The "Holder" or "Certificateholder" of a Residual Certificate is its registered owner. A Residual Certificate can be transferred at the corporate trust office of the Transfer Agent, or at the office of the Transfer Agent in New York, New York. U.S. Bank National Association in Boston, Massachusetts will be the initial Transfer Agent. We may impose a service charge for any registration of transfer of a Residual Certificate and may require payment to cover any tax or other governmental charge. See also "—Characteristics of the Residual Classes" below.

Authorized Denominations. We will issue the Certificates in the following denominations:

Classes	Denominations
Interest Only, Principal Only and Inverse Floating Rate Classes	\$100,000 minimum plus whole dollar increments
All other Classes (except the R and RL Classes)	\$1,000 minimum plus whole dollar increments

### The Group 1 Underlying REMIC Certificate

The Group 1 Underlying REMIC Certificate represents beneficial ownership interests in the Underlying REMIC Trust. The assets of that trust consist of MBS (or beneficial ownership interests in MBS) having the general characteristics set forth in the MBS Prospectus. Each MBS evidences beneficial ownership interests in a pool of conventional, fixed-rate, fully-amortizing mortgage loans secured by first mortgages or deeds of trust on single-family residential properties, as described under "The Mortgage Pools" and "Yield, Maturity, and Prepayment Considerations" in the MBS Prospectus.

Distributions on the Group 1 Underlying REMIC Certificate will be passed through monthly, beginning in the month after we issue the Certificates. The general characteristics of the Group 1 Underlying REMIC Certificate are described in the Underlying REMIC Disclosure Document. See

Exhibit A for certain additional information about the Group 1 Underlying REMIC Certificate. Exhibit A is provided in lieu of a Final Data Statement with respect to the Group 1 Underlying REMIC Certificate.

For further information about the Group 1 Underlying REMIC Certificate, telephone us at 1-800-237-8627. Additional information about the Group 1 Underlying REMIC Certificate is also available at <a href="https://mbsdisclosure.fanniemae.com/PoolTalk2/index.html">https://mbsdisclosure.fanniemae.com/PoolTalk2/index.html</a>. There may have been material changes in facts and circumstances since the date we prepared the Underlying REMIC Disclosure Document. These may include changes in prepayment speeds, prevailing interest rates and other economic factors. As a result, the usefulness of the information set forth in that document may be limited.

#### The Trust MBS

The Trust MBS provide that principal and interest on the related Mortgage Loans are passed through monthly. The Mortgage Loans underlying the Trust MBS are conventional, fixed-rate, fully-amortizing mortgage loans secured by first mortgages or deeds of trust on single-family residential properties. These Mortgage Loans have original maturities of up to 30 years in the case of the Group 2 MBS, Group 3 MBS, Group 4 MBS, Group 5 MBS and Group 9 MBS, and up to 15 years in the case of the Group 6 MBS, Group 7 MBS and Group 8 MBS.

In addition, the pools of mortgage loans backing the Group 2 MBS have been designated as pools that include "jumbo-conforming" or "high balance" mortgage loans as described further under "The Mortgage Loans—Special Feature Mortgage Loans—Loans with Original Principal Balance Exceeding our Traditional Conforming Loan Limits" in the MBS Prospectus dated February 1, 2012. For periodic updates to that description, please refer to the Pool Prefix Glossary available on our Web site at <a href="www.fanniemae.com">www.fanniemae.com</a>. For additional information about the particular pools underlying the Group 2 MBS, see the Final Data Statement for the Trust and the related prospectus supplement for each MBS. See also "Risk Factors—Risks Relating to Yield and Prepayment—Refinancing—"Jumbo-conforming" mortgage loans, which have original principal balances that exceed our traditional conforming loan limits, may prepay at different rates than conforming balance mortgage loans generally" in the MBS Prospectus dated February 1, 2012.

Finally, the Mortgage Loans underlying the Group 3 MBS have been refinanced under Fannie Mae Refi Plus and are designated as "high loan-to-value ratio" loans, with loan-to-value ratios ranging from greater than 105% up to 125% at the time of refinance. These loans are targeted at borrowers who have demonstrated an acceptable payment history on their mortgage loans but may have been unable to refinance due to a decline in home prices or the unavailability of mortgage insurance. Fannie Mae Refi Plus refinancing is available only if the new mortgage loan either reduces the monthly principal and interest payment for the borrower or provides a more stable loan product (such as movement from an adjustable-rate loan to a fixed rate loan). For more information on the Home Affordable Refinance Program, see "The Mortgage Loans—High Loan-to-Value Mortgage Loans" in the MBS Prospectus dated February 1, 2012 and on our Web site at <a href="https://www.fanniemae.com">www.fanniemae.com</a>. See also "Risk Factors—Risks Relating to Yield and Prepayment—
Refinancing—Mortgage loans with loan-to-value ratios greater than 80% may have different prepayment and default characteristics than conforming mortgage loans generally" in the MBS Prospectus dated February 1, 2012.

For additional information, see "Summary—Group 2, Group 3, Group 4, Group 5, Group 6, Group 7, Group 8 and Group 9—Characteristics of the Trust MBS" and "—Assumed Characteristics of the Underlying Mortgage Loans" in this prospectus supplement and "The Mortgage Pools" and "Yield, Maturity, and Prepayment Considerations" in the MBS Prospectus.

#### **Distributions of Interest**

*General*. The Certificates will bear interest at the rates specified in this prospectus supplement. Interest to be paid on each Certificate (or added to principal, in the case of the Accrual

Classes) on a Distribution Date will consist of one month's interest on the outstanding balance of that Certificate immediately prior to that Distribution Date. For a description of the Accrual Classes, see "-Accrual Classes" below.

Delay Classes and No-Delay Classes. The "delay" Classes and "no-delay" Classes are set forth in the following table:

### **Delay Classes**

### **No-Delay Classes**

The Fixed-Rate Classes

The Floating Rate and Inverse Floating Rate Classes

See "Description of the Certificates—The Certificates—Distributions on Certificates—Interest Distributions" in the REMIC Prospectus.

The Dealer will treat the Principal Only Class as a delay Class solely for the purpose of facilitating trading.

Accrual Classes. The UZ, HZ, MZ and KZ Classes are Accrual Classes. Interest will accrue on each Accrual Class at the applicable annual rate specified on the cover of this prospectus supplement. However, we will not pay any interest on the Accrual Classes. Instead, interest accrued on each Accrual Class will be added as principal to its principal balance on each Distribution Date. We will pay principal on the Accrual Classes as described under "— Distributions of Principals" below.

### **Distributions of Principal**

On the Distribution Date in each month, we will make payments of principal on the Certificates as described below.

• Group 1

The Group 1 Principal Distribution Amount to AF and AO, pro rata, until retired.

Structured Collateral/ Pass-Throug Classes

The "Group 1 Principal Distribution Amount" is the principal then paid on the Group 1 Underlying REMIC Certificate.

• Group 2

The UZ Accrual Amount to Aggregate Group I to its Planned Balance, and thereafter to UZ.  $\label{eq:condition}$ 

Accretion Directed/PAC Group and Accrual Class

The Group 2 Cash Flow Distribution in the following priority:

To Aggregate Group I to its Planned Balance.
 To UZ until retired.

\_\_\_

3. To Aggregate Group I to zero.

PAC Group

o. To High obate Group T to zero.

The "UZ Accrual Amount" is any interest then accrued and added to the principal balance of the UZ Class.

The "Group 2 Cash Flow Distribution Amount" is the principal then paid on the Group 2 MBS.

"Aggregate Group I" consists of the PA and PE Classes. On each Distribution Date, we will apply payments of principal of Aggregate Group I to PA and PE, in that order, until retired.

Aggregate Group I has a principal balance equal to the aggregate principal balance of the Classes included in Aggregate Group I.

### • Group 3

The Group 3 Principal Distribution Amount as follows:

-71.4285714796% as follows:

```
\begin{array}{c} \textit{first}, \text{ to Aggregate Group II to its Planned Balance;} \\ \textit{second}, \text{ to Aggregate Group III to its Planned Balance;} \\ \textit{third}, \text{ to WA, WB, WC and WD, in that order, until retired;} \\ \textit{fourth}, \text{ to Aggregate Group III to zero; and} \\ \textit{fifth}, \text{ to Aggregate Group II to zero, and} \\ -28.5714285204\% \text{ to EF until retired.} \\ \end{array} \right\} \begin{array}{c} \text{PAC Groups} \\ \text{PAC Groups} \\ \text{Class} \end{array}
```

The "Group 3 Principal Distribution Amount" is the principal then paid on the Group 3 MBS.

"Aggregate Group II" consists of the CA and CE Classes. On each Distribution Date, we will apply payments of principal of Aggregate Group II to CA and CE, in that order, until retired.

Aggregate Group II has a principal balance equal to the aggregate principal balance of the Classes included in Aggregate Group II.

"Aggregate Group III" consists of the YA, YB, and YC Classes. On each Distribution Date, we will apply payments of principal of Aggregate Group III to YA, YB and YC, in that order, until retired.

Aggregate Group III has a principal balance equal to the aggregate principal balance of the Classes included in Aggregate Group III.

### • Group 4

The HZ Accrual Amount to Aggregate Group IV to its Planned Balance, and thereafter to HZ.

Accrual Amount to Aggregate Group IV to its Planned Balance, and Group and Accrual Class

The Group 4 Cash Flow Distribution Amount as follows:

-83.3333334677% as follows:

```
first, \ to \ Aggregate \ Group \ IV \ to \ its \ Planned \ Balance; \\ second, \ to \ HZ \ until \ retired; \ and \\ third, \ to \ Aggregate \ Group \ IV \ to \ zero, \ and \\ -16.6666665323\% \ to \ HF \ until \ retired. \\ \end{cases} \begin{array}{c} PAC \ Group \\ PAC \ Group \\ Pass-Through \ Class \end{array}
```

The "HZ Accrual Amount" is any interest then accrued and added to the principal balance of the HZ Class.

The "Group 4 Cash Flow Distribution Amount" is the principal then paid on the Group 4 MBS.

"Aggregate Group IV" consists of the HD, FH and HE Classes. On each Distribution Date, we will apply payments of principal of Aggregate Group IV as follows:

```
first, to HD and FH, pro rata, until retired; and second, to HE until retired.
```

Aggregate Group IV has a principal balance equal to the aggregate principal balance of the Classes included in Aggregate Group IV.

• Group 5

The MZ Accrual Amount to Aggregate Group V to its Planned Balance, and thereafter to MZ.

Accretion Directed/PAC Group and Accrual Class

The Group 5 Cash Flow Distribution Amount as follows:

-66.666669928% as follows:

first, to Aggregate Group V to its Planned Balance;

second, to MZ until retired; and

third, to Aggregate Group V to zero, and

- 33.3333330072% to NF until retired.

PAC Group

Pass-Through
Class

The "MZ Accrual Amount" is any interest then accrued and added to the principal balance of the MZ Class.

The "Group 5 Cash Flow Distribution Amount" is the principal then paid on the Group 5 MBS.

"Aggregate Group V" consists of the MB, MF and EM Classes. On each Distribution Date, we will apply payments of principal of Aggregate Group V as follows:

*first*, to MB and MF, pro rata, until retired; and *second*, to EM until retired.

Aggregate Group V has a principal balance equal to the aggregate principal balance of the Classes included in Aggregate Group V.

• Group 6

The Group 6 Principal Distribution Amount to AC and AD, pro rata, until Pass-Through retired.

The "Group 6 Principal Distribution Amount" is the principal then paid on the Group 6 MBS.

• Group 7

The Group 7 Principal Distribution Amount to BC and BD, pro rata, until retired.

The "Group 7 Principal Distribution Amount" is the principal then paid on the Group 7 MBS.

• Group 8

The Group 8 Principal Distribution Amount to DA and DB, pro rata, until Pass-Through retired.

The "Group 8 Principal Distribution Amount" is the principal then paid on the Group 8 MBS.

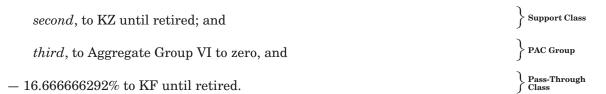

• Group 9

The KZ Accrual Amount to Aggregate Group VI to its Planned Balance, and thereafter to KZ.  $\begin{cases} \text{Accrual Amount to Aggregate Group VI to its Planned Balance, and} \\ \text{Accrual Class} \end{cases}$ 

The Group 9 Cash Flow Distribution Amount as follows:

-83.333333708% as follows:

first, to Aggregate Group VI to its Planned Balance; PAC Group

The "KZ Accrual Amount" is any interest then accrued and added to the principal balance of the KZ Class.

The "Group 9 Cash Flow Distribution Amount" is the principal then paid on the Group 9 MBS.

"Aggregate Group VI" consists of the KD, FK and KE Classes. On each Distribution Date, we will apply payments as follows:

```
first, to KD and FK, pro rata, until retired; and second, to KE until retired.
```

Aggregate Group VI has a principal balance equal to the aggregate principal balance of the Classes included in Aggregate Group VI.

### **Structuring Assumptions**

Pricing Assumptions. Except where otherwise noted, the information in the tables in this prospectus supplement has been prepared based on the actual characteristics of each pool of Mortgage Loans backing the Group 1 Underlying REMIC Certificate, the priority sequence governing principal payments on the Group 1 Underlying REMIC Certificate, and the following assumptions (such characteristics and assumptions, collectively, the "Pricing Assumptions"):

- the Mortgage Loans underlying the Trust MBS have the original terms to maturity, remaining terms to maturity, loan ages and interest rates specified under "Summary—Group 2, Group 3, Group 4, Group 5, Group 6, Group 7, Group 8 and Group 9—Assumed Characteristics of the Underlying Mortgage Loans" in this prospectus supplement;
- the Mortgage Loans prepay at the constant percentages of PSA specified in the related tables;
- the settlement date for the Certificates is June 29, 2012; and
- each Distribution Date occurs on the 25th day of a month.

Prepayment Assumptions. The prepayment model used in this prospectus supplement is PSA. For a description of PSA, see "Yield, Maturity and Prepayment Considerations—Prepayment Models" in the REMIC Prospectus. It is highly unlikely that prepayments will occur at any constant PSA rate or at any other constant rate.

Principal Balance Schedules. The Principal Balance Schedules are set forth beginning on page B-1 of this prospectus supplement. The Principal Balance Schedules were prepared based on the Pricing Assumptions and the assumption that the related Mortgage Loans prepay at a constant rate within the applicable "Structuring Ranges" specified in the chart below. The "Effective Range" for any Aggregate Group is the range of prepayment rates (measured by constant PSA rates) that would reduce the Aggregate Group to its scheduled balance each month based on the Pricing Assumptions. We have not provided separate schedules for the individual Classes included in the Aggregate Groups. However, those Classes are designed to receive principal distributions in the same fashion as if separate schedules had been provided (with schedules based on the same underlying assumptions that apply to the applicable Aggregate Group schedule). If such separate schedules had been provided for the individual Classes included

in the applicable Aggregate Groups, we expect that the effective ranges for those Classes would not be narrower than those shown below for the related Aggregate Groups.

Groups	Structuring Ranges	Initial Effective Ranges
Aggregate Group I Planned Balances	Between 125% and 250% PSA	Between 125% and 250% PSA
Aggregate Group II Planned Balances	Between 110% and 200% PSA	Between 110% and 200% PSA
Aggregate Group III Planned Balances	Between 130% and 190% PSA	Between 130% and 190% PSA
Aggregate Group IV Planned Balances	Between 125% and 250% PSA	Between 125% and 250% PSA
Aggregate Group V Planned Balances	Between 125% and 250% PSA	Between 125% and 250% PSA
Aggregate Group VI Planned Balances	Between 125% and 250% PSA	Between 125% and 250% PSA

The Aggregate Groups listed above consist of the following Classes:

Aggregate Group I	PA and PE
Aggregate Group II	CA and CE
Aggregate Group III	YA, YB and YC
Aggregate Group IV	HD, FH and HE
Aggregate Group V	MB, MF and EM
Aggregate Group VI	KD, FK and KE

See "—Decrement Tables" below for the percentages of original principal balances of the individual Classes included in the Aggregate Groups that would be outstanding at various constant PSA rates, including the upper and lower bands of the applicable Structuring Ranges, based on the Pricing Assumptions.

We cannot assure you that the balance of any Aggregate Group will conform on any Distribution Date to the balance specified in the Principal Balance Schedules or that distributions of principal of any Aggregate Group will begin or end on the Distribution Dates specified in the Principal Balance Schedules.

If you are considering the purchase of a PAC Class, you should first take into account the considerations set forth below.

- We will distribute any excess of principal distributions over the amount necessary to reduce an Aggregate Group to its scheduled balance in any month. As a result, the likelihood of reducing an Aggregate Group to its scheduled balance each month will not be improved by the averaging of high and low principal distributions from month to month.
- Even if the related Mortgage Loans prepay at rates falling within the applicable Structuring Ranges or Effective Ranges, principal distributions may be insufficient to reduce the applicable Aggregate Groups to their scheduled balances each month if prepayments do not occur at a *constant* PSA rate.
- The actual Effective Ranges at any time will be based upon the actual characteristics of the related Mortgage Loans at that time, which are likely to vary (and may vary considerably) from the Pricing Assumptions. As a result, the actual Effective Ranges will likely differ from the Initial Effective Ranges specified above. For the same reason, the applicable Aggregate Groups might not be reduced to their scheduled balances each month even if the related Mortgage Loans prepay at a *constant* PSA rate within the applicable Initial Effective Ranges. This is so particularly if the rates fall at the lower or higher end of the applicable ranges.
- The actual Effective Ranges may narrow, widen or shift upward or downward to reflect actual prepayment experience over time.
- The principal payment stability of each Aggregate Group will be supported by one or more other Classes. When the related supporting Class or Classes are retired, the Aggregate Group

receiving the benefit of that support, if still outstanding, may no longer have an Effective Range, and will be much more sensitive to prepayments of the related Mortgage Loans.

### **Yield Tables**

*General*. The tables below illustrate the sensitivity of the pre-tax corporate bond equivalent yields to maturity of the applicable Classes to various constant percentages of PSA and, where specified, to changes in the Index. **The tables below are provided for illustrative purposes only and are not intended as a forecast or prediction of the actual yields on the applicable Classes.** We calculated the yields set forth in the tables by

- determining the monthly discount rates that, when applied to the assumed streams of cash flows to be paid on the applicable Classes, would cause the discounted present values of the assumed streams of cash flows to equal the assumed aggregate purchase prices of those Classes, and
- converting the monthly rates to corporate bond equivalent rates.

These calculations do not take into account variations in the interest rates at which you could reinvest distributions on the Certificates. Accordingly, these calculations do not illustrate the return on any investment in the Certificates when reinvestment rates are taken into account.

We cannot assure you that

- the pre-tax yields on the applicable Certificates will correspond to any of the pre-tax yields shown here, or
- the aggregate purchase prices of the applicable Certificates will be as assumed.

In addition, it is unlikely that the Index will correspond to the levels shown here. Furthermore, because some of the Mortgage Loans are likely to have remaining terms to maturity shorter or longer than those assumed and interest rates higher or lower than those assumed, the principal payments on the Certificates are likely to differ from those assumed. This would be the case even if all Mortgage Loans prepay at the indicated constant percentages of PSA. Moreover, it is unlikely that

- the Mortgage Loans will prepay at a constant PSA rate until maturity,
- all of the Mortgage Loans will prepay at the same rate, or
- the level of the Index will remain constant.

The Principal Only Class. The Principal Only Class will not bear interest. As indicated in the table below, a low rate of principal payments (including prepayments) on the related Mortgage Loans will have a negative effect on the yield to investors in the Principal Only Class.

The information shown in the following yield table has been prepared on the basis of the Pricing Assumptions and the assumption that the aggregate purchase price of the Principal Only Class (expressed as a percentage of original principal balance) is as follows:

Class	Price
AO	92.50%

### Sensitivity of the AO Class to Prepayments

	PSA Prepayment Assumption								
	50%	100%	160%	350%	700%	1000%	1700%		
Pre-Tax Yields to Maturity	0.7%	0.9%	1.1%	1.8%	3.6%	5.9%	143.1%		

The Inverse Floating Rate Classes. The yields on the Inverse Floating Rate Classes will be sensitive in varying degrees to the rate of principal payments, including prepayments, of the related Mortgage Loans and to the level of the Index. The Mortgage Loans generally can be prepaid at any time without penalty. In addition, the rate of principal payments (including prepayments) of the Mortgage Loans is likely to vary, and may vary considerably, from pool to pool. As illustrated in the applicable tables below, it is possible that investors in the Inverse Floating Rate Classes would lose money on their initial investments under certain prepayment scenarios.

Changes in the Index may not correspond to changes in prevailing mortgage interest rates. It is possible that lower prevailing mortgage interest rates, which might be expected to result in faster prepayments, could occur while the level of the Index increased.

The information shown in the following yield tables has been prepared on the basis of the Pricing Assumptions and the assumptions that

- the interest rates for the Inverse Floating Rate Classes for the initial Interest Accrual Period are the rates listed in the table under "Summary—Interest Rates" in this prospectus supplement and for each following Interest Accrual Period will be based on the specified levels of the Index, and
- the aggregate purchase prices of those Classes (expressed in each case as a percentage of original principal balance) are as follows:

Class	Price*
AS	21.87500%
CS	25.50000%
IC	0.15625%
ID	0.15625%
SH	21.75000%
HS	19.50000%
MS	21.75000%
LS	20.90625%
IL	0.15625%
SK	20.62500%
KS	18.50000%
DS	25.65625%
ES	25.81250%
NS	21.06250%

<sup>\*</sup> The prices do not include accrued interest. Accrued interest has been added to the prices in calculating the yields set forth in the tables below.

In the following yield tables, the symbol \* is used to represent a yield of less than (99.9)%.

### Sensitivity of the AS Class to Prepayments and LIBOR (Pre-Tax Yields to Maturity)

The Fixed Rate Interest Only Classes. The yields to investors in the Fixed Rate Interest Only Classes will be very sensitive to the rate of principal payments (including prepayments) of the related Mortgage Loans. The Mortgage Loans generally can be prepaid at any time without penalty. On the basis of the assumptions described below, the yield to maturity on each Fixed Rate Interest Only Class would be 0% if prepayments of the related Mortgage Loans were to occur at the following constant rates:

Class	% PSA
CI	256%
AI	457%
BI	495%
DI	354%

For any Fixed Rate Interest Only Class, if the actual prepayment rate of the related Mortgage Loans were to exceed the level specified for as little as one month while equaling that level for the remaining months, the investors in the applicable Class would lose money on their initial investments.

The information shown in the following yield tables has been prepared on the basis of the Pricing Assumptions and the assumption that the aggregate purchase prices of the Fixed Rate Interest Only Classes (expressed in each case as a percentage of the original principal balance) are as follows:

Class	Price*
CI	20.46875%
AI	10.87500%
BI	10.75000%
DI	12.06250%

<sup>\*</sup> The prices do not include accrued interest. Accrued interest has been added to the prices in calculating the yields set forth in the tables below.

In the following yield tables, the symbol \* is used to represent a yield of less that (99.9)%.

### Sensitivity of the CI Class to Prepayments

Pre-Tax Yields to Maturity	21.1%	17.8%	7.5%	(11.0)%	(55.5)%	*

### **Weighted Average Lives of the Certificates**

For a description of how the weighted average life of a Certificate is determined, see "Yield, Maturity and Prepayment Considerations—Weighted Average Lives and Final Distribution Dates" in the REMIC Prospectus.

In general, the weighted average lives of the Certificates will be shortened if the level of prepayments of principal of the related Mortgage Loans increases. However, the weighted average lives will depend upon a variety of other factors, including

• the timing of changes in the rate of principal distributions,

- the priority sequences of distributions of principal of the Group 2, Group 3, Group 4, Group 5 and Group 9 Classes, and
- in the case of the Group 1 Classes, the priority sequence governing principal payments on the Group 1 Underlying REMIC Certificate.

See "—Distributions of Principal" above and "Description of the Certificates—Distributions of Principal" in the Underlying REMIC Disclosure Document.

The effect of these factors may differ as to various Classes and the effects on any Class may vary at different times during the life of that Class. Accordingly, we can give no assurance as to the weighted average life of any Class. Further, to the extent the prices of the Certificates represent discounts or premiums to their original principal balances, variability in the weighted average lives of those Classes of Certificates could result in variability in the related yields to maturity. For an example of how the weighted average lives of the Classes may be affected at various constant prepayment rates, see the Decrement Tables below.

#### **Decrement Tables**

The following tables indicate the percentages of original principal balances of the specified Classes that would be outstanding after each date shown at various constant PSA rates, and the corresponding weighted average lives of those Classes. The tables have been prepared on the basis of the Pricing Assumptions.

In the case of the information set forth for each Class under 0% PSA, however, we assumed that the Mortgage Loans have the original and remaining terms to maturity and bear interest at the annual rates specified in the table below.

Mortgage Loans Backing Trust Assets Specified Below	Original Terms to <u>Maturity</u>	Remaining Terms to Maturity	Interest Rates
Group 1 Underlying REMIC Certificate	360 months	356 months	9.00%
Group 2 MBS	360 months	360 months	6.00%
Group 3 MBS	360 months	360 months	6.50%
Group 4 MBS	360 months	360 months	7.00%
Group 5 MBS	360 months	360 months	7.50%
Group 6 MBS	180 months	180 months	7.00%
Group 7 MBS	180 months	180 months	7.50%
Group 8 MBS	180 months	180 months	8.00%
Group 9 MBS	360 months	360 months	7.00%

It is unlikely that all of the Mortgage Loans will have the loan ages, interest rates or remaining terms to maturity assumed, or that the Mortgage Loans will prepay at any *constant* PSA level.

In addition, the diverse remaining terms to maturity of the Mortgage Loans could produce slower or faster principal distributions than indicated in the tables at the specified constant PSA rates, even if the weighted average remaining term to maturity and the weighted average loan age of the Mortgage Loans are identical to the weighted averages specified in the Pricing Assumptions. This is the case because pools of loans with identical weighted averages are nonetheless likely to reflect differing dispersions of the related characteristics.

† In the case of a Notional Class, the Decrement Table indicates the percentage of the original notional principal balance outstanding.

### **Characteristics of the Residual Classes**

A Residual Certificate will be subject to certain transfer restrictions. See "Description of the Certificates—The Certificates—Special Characteristics of the Residual Certificates" and "Material Federal Income Tax Consequences—Taxation of Beneficial Owners of Residual Certificates" in the REMIC Prospectus.

Treasury Department regulations (the "Regulations") provide that a transfer of a "noneconomic residual interest" will be disregarded for all federal tax purposes unless no significant purpose of the transfer is to impede the assessment or collection of tax. A Residual Certificate will constitute a noneconomic residual interest under the Regulations. Having a significant purpose to impede the assessment or collection of tax means that the transferor of a Residual Certificate had "improper knowledge" at the time of the transfer. See "Description of the Certificates—The Certificates—Special Characteristics of the Residual Certificates" in the REMIC Prospectus. You should consult your own tax advisor regarding the application of the Regulations to a transfer of a Residual Certificate.

### CERTAIN ADDITIONAL FEDERAL INCOME TAX CONSEQUENCES

The Certificates and payments on the Certificates are not generally exempt from taxation. Therefore, you should consider the tax consequences of holding a Certificate before you acquire one. The following tax discussion supplements the discussion under the caption "Material Federal Income Tax Consequences" in the REMIC Prospectus. When read together, the two discussions describe the current federal income tax treatment of beneficial owners of Certificates. These two tax discussions do not purport to deal with all federal tax consequences applicable to all categories of beneficial owners, some of which may be subject to special rules. In addition, these discussions

may not apply to your particular circumstances for one of the reasons explained in the REMIC Prospectus. You should consult your own tax advisors regarding the federal income tax consequences of holding and disposing of Certificates as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

#### U.S. Treasury Circular 230 Notice

The tax discussions contained in the REMIC Prospectus (including the sections entitled "Material Federal Income Tax Consequences" and "ERISA Considerations") and this prospectus supplement were not intended or written to be used, and cannot be used, for the purpose of avoiding United States federal tax penalties. These discussions were written to support the promotion or marketing of the transactions or matters addressed in this prospectus supplement. You should seek advice based on your particular circumstances from an independent tax advisor.

### **REMIC Elections and Special Tax Attributes**

We will make a REMIC election with respect to each REMIC set forth in the table under "Description of the Certificates—General—Structure." The Regular Classes will be designated as "regular interests" and the Residual Classes will be designated as the "residual interests" in the REMICs as set forth in that table. Thus, the REMIC Certificates and any related RCR Certificates generally will be treated as "regular or residual interests in a REMIC" for domestic building and loan associations, as "real estate assets" for real estate investment trusts, and, except for the Residual Classes, as "qualified mortgages" for other REMICs. See "Material Federal Income Tax Consequences—REMIC Election and Special Tax Attributes" in the REMIC Prospectus.

Notwithstanding the foregoing, the Mortgage Loans underlying the Group 3 MBS have loan-to-value ratios at origination ranging from greater than 105% up to 125%. See "Description of the Certificates—The Trust MBS" in this prospectus supplement. A portion of the Group 3 Classes may not be treated as "real estate assets" within the meaning of section 856(c)(5)(B) of the Code. See "Material Federal Income Tax Consequences—Special Tax Attributes" in the MBS Prospectus dated February 1, 2012. Accordingly, special tax considerations may apply to a real estate investment trust that holds a REMIC Certificate of a Group 3 Class, and we may be obligated to provide additional information, pursuant to Regulations under section 6049 of the Code, on such Classes. See "Material Federal Income Tax Consequences—REMIC Election and Special Tax Attributes" in the REMIC Prospectus.

### **Taxation of Beneficial Owners of Regular Certificates**

The Notional Classes, the Principal Only Class and the Accrual Classes will be issued with original issue discount ("OID"), and certain other Classes of REMIC Certificates may be issued with OID. If a Class is issued with OID, a beneficial owner of a Certificate of that Class generally must recognize some taxable income in advance of the receipt of the cash attributable to that income. See "Material Federal Income Tax Consequences—Taxation of Beneficial Owners of Regular Certificates—Treatment of Original Issue Discount" in the REMIC Prospectus. In addition, certain Classes of REMIC Certificates may be treated as having been issued at a premium. See "Material Federal Income Tax Consequences—Taxation of Beneficial Owners of Regular Certificates—Regular Certificates Purchased at a Premium" in the REMIC Prospectus.

The Prepayment Assumptions that will be used in determining the rate of accrual of OID will be as follows:

Group	Prepayment Assumption
1	350% PSA
2	160% PSA
3	160% PSA
4	160% PSA
5	160% PSA
6	250%  PSA
7	250%  PSA
8	250%  PSA
9	160% PSA

See "Material Federal Income Tax Consequences—Taxation of Beneficial Owners of Regular Certificates— *Treatment of Original Issue Discount*" in the REMIC Prospectus. No representation is made as to whether the Mortgage Loans underlying the MBS will prepay at any of those rates or any other rate. See "Description of the Certificates—Weighted Average Lives of the Certificates" in this prospectus supplement and "Yield, Maturity and Prepayment Considerations—Weighted Average Lives and Final Distribution Dates" in the REMIC Prospectus.

### **Taxation of Beneficial Owners of Residual Certificates**

The Holder of a Residual Certificate will be considered to be the holder of the "residual interest" in the related REMIC. Such Holder generally will be required to report its daily portion of the taxable income or net loss of the REMIC to which that Certificate relates. In certain periods, a Holder of a Residual Certificate may be required to recognize taxable income without being entitled to receive a corresponding amount of cash. Pursuant to the Trust Agreement, we will be obligated to provide to the Holder of a Residual Certificate (i) information necessary to enable it to prepare its federal income tax returns and (ii) any reports regarding the Residual Class that may be required under the Code. See "Material Federal Income Tax Consequences—Taxation of Beneficial Owners of Residual Certificates" in the REMIC Prospectus.

#### **Taxation of Beneficial Owners of RCR Certificates**

The RCR Classes will be created, sold and administered pursuant to an arrangement that will be classified as a grantor trust under subpart E, part I of subchapter J of the Code. The Regular Certificates that are exchanged for RCR Certificates set forth in Schedule 1 (including any exchanges effective on the Settlement Date) will be the assets of the trust, and the RCR Certificates will represent an ownership interest of the underlying Regular Certificates. For a general discussion of the federal income tax treatment of beneficial owners of Regular Certificates, see "Material Federal Income Tax Consequences" in the REMIC Prospectus.

Generally, the ownership interest represented by an RCR certificate will be one of two types. A certificate of a Combination RCR Class (a "Combination RCR Certificate") will represent beneficial ownership of undivided interests in one or more underlying Regular Certificates. A certificate of a Strip RCR Class (a "Strip RCR Certificate") will represent the right to receive a disproportionate part of the principal or interest payments on one or more underlying Regular Certificates. All of the RCR Certificates are Combination RCR Certificates. See "Material Federal Income Tax Consequences—Taxation of Beneficial Owners of RCR Certificates" in the REMIC Prospectus for a general discussion of the federal income tax treatment of beneficial owners of RCR Certificates.

### PLAN OF DISTRIBUTION

We are obligated to deliver the Certificates to Barclays Capital Inc. (the "Dealer") in exchange for the Group 1 Underlying REMIC Certificate and the Trust MBS. The Dealer proposes to offer the Certificates directly to the public from time to time in negotiated transactions at varying prices to be determined at the time of sale. The Dealer may effect these transactions to or through other dealers.

### LEGAL MATTERS

Sidley Austin LLP will provide legal representation for Fannie Mae. Cleary Gottlieb Steen & Hamilton LLP will provide legal representation for the Dealer.

### **Group 1 Underlying REMIC Certificate**

Underlying REMIC Trust	Class	Date of Issue	CUSIP Number	Interest Rate	Interest Type(1)	Final Distribution Date	Principal Type(1)	Original Principal Balance of Class	June 2012 Class Factor	Principal Balance in the Lower Tier REMIC	Approximate Weighted Average WAC	Weighted Average WAM (in months)	Weighted Average WALA (in months)
2012-25	В	February 2012	3136A4ZP7	6.5%	FIX	March 2042	SEQ	\$415,192,631	1.0	\$100,000,000.00	7.007%	203	141

<sup>(1)</sup> See "Description of the Certificates—The Certificates—Class Definitions and Abbreviations" in the REMIC Prospectus.

Note: For any pool of Mortgage Loans backing an underlying REMIC or RCR certificate, if a preliminary calculation indicated that the sum of the WAM and WALA for that  $\overline{\text{pool}}$  exceeded the longest original term to maturity of any Mortgage Loan in the pool, the WALA used in determining the information shown in the related table was reduced as necessary to insure that the sum of the WAM and WALA does not exceed such original term to maturity.

(2) See "Description of the Certificates—The Certificates—Class Definitions and Abbreviations" in the REMIC Prospectus.

(4) For a description of these interest rates, see "Summary-Interest Rates" in this prospectus supplement.

<sup>(1)</sup> REMIC Certificates and RCR Certificates in each Recombination may be exchanged only in the proportions of original principal or notional principal balances for the related Classes shown in this Schedule 1 (disregarding any retired Classes). For example, if a particular Recombination includes two REMIC Classes and one RCR Class whose original principal balances shown in the schedule reflect a 1:1:2 relationship, the same 1:1:2 relationship among the original principal balances of those REMIC and RCR Classes must be maintained in any exchange. This is true even if, as a result of the applicable payment priority sequence, the relationship between their current principal balances has changed over time. Moreover, if as a result of a proposed exchange, a Certificateholder would hold a REMIC Certificate or RCR Certificate of a Class in an amount less than the applicable minimum denomination for that Class, the Certificateholder will be unable to effect the proposed exchange. See "Description of the Certificates—General—Authorized Denominations" in this prospectus supplement.

<sup>(3)</sup> Notional balances. These Classes are Interest Only Classes. See page S-7 for a description of how their notional balances are calculated.

<sup>(5)</sup> The BA Class is an RCR Class formed by a combination of the AC Class in Group 6, the BC Class in Group 7 and the DA Class in Group 8.
(6) The AB Class is an RCR Class formed by a combination of the AD Class in Group 6, the BD Class in Group 7 and the DB Class in Group 8.

No one is authorized to give information or to make representations in connection with the Certificates other than the information and representations contained in or incorporated into this Prospectus Supplement and the additional Disclosure Documents. We take no responsibility for any unauthorized information or representation. This Prospectus Supplement and the additional Disclosure Documents do not constitute an offer or solicitation with regard to the Certificates if it is illegal to make such an offer or solicitation to you under state law. By delivering this Prospectus Supplement and the additional Disclosure Documents at any time, no one implies that the information contained herein or therein is correct after the date hereof or thereof.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved the Certificates or determined if this Prospectus Supplement is truthful and complete. Any representation to the contrary is a criminal offense.
