Updates to E-filing and TX Posting Costs

The Servicing Guide has been updated as follows:

- **Servicing Guide F-1-06, Expense Reimbursement** has been updated to reflect that Fannie Mae will reimburse the servicer for vendor costs associated with electronic filing or recording when the court or county recorder / Land Evidence records requires the law firm to use a particular vendor in order to electronically file or record necessary foreclosure related documents.

- The **Allowable Foreclosure Attorney Fees Exhibit** has been updated to reflect that Fannie Mae will no longer reimburse the servicer or its law firm for posting costs incurred in connection with a foreclosure of any mortgage loan secured by a property located in Texas.

**Effective Date**

The policy changes are effective for fees and costs incurred on or after September 1, 2015.
Adjustments to Standard and Streamlined Modifications

Fannie Mae is updating its policies and requirements for determining the borrower’s new modified mortgage loan terms for a Fannie Mae Standard Modification, Fannie Mae Streamlined Modification, and Fannie Mae Streamlined Modification Post Disaster Forbearance. To increase the number of eligible borrowers, the servicer must use the post-modified MTMLTV ratio, including capitalized arrearages, rather than the pre-modified MTMLTV ratio to determine the terms of the mortgage loan modification.

Increase to Mortgage Release Incentives

- **Servicing Guide D2-3.3-02, Fannie Mae Mortgage Release (Deed-in-Lieu of Foreclosure)** has been updated as follows:
  - The servicer is no longer required to submit a Mortgage Release case to Fannie Mae for decisioning prior to closing when the borrower qualifies for a borrower relocation incentive greater than $3,000 in the eight jurisdictions identified in the **Servicing Guide**.
  - The servicer must not attempt to renegotiate the incentive payment to a lower amount.

Updates to the Application of Borrower HAMP Incentives

Lender Letter LL-2015-01: Notification of Future Updates to Borrower “Pay for Performance” Incentives for a Fannie Mae HAMP Modification, which was incorporated into the **Servicing Guide** with Announcement SVC-2015-05: Servicing Guide Updates, stated the following:
If the borrower “pay for performance” incentive is greater than or equal to the interest-bearing UPB, the servicer must apply the incentive to any principal forbearance amount and then to the interest-bearing UPB.

If the borrower “pay for performance” incentive is less than the interest-bearing UPB, the servicer must apply the incentive to the interest-bearing UPB.

The policy was subsequently changed in error with Announcement SVC-2015-10. Fannie Mae is updating its policies and requirements regarding the order in which the servicer must apply the HAMP borrower “pay for performance” incentive to be consistent with Lender Letter LL-2015-01 as outlined above.
