A. Green Financing Overview

Fannie Mae Multifamily Green Mortgage Loans provide financial incentives to borrowers strategically investing in Property improvements that reduce energy and water use and improve the Property’s quality and cash flow. All Green Mortgage Loans must be underwritten according to Fannie Mae’s Multifamily Selling and Servicing Guide, and disclosed as a Green Mortgage Backed Security (Green MBS). A Green MBS has the same benefits as a traditional DUS MBS with the same Fannie Mae guaranty and appeals to sustainability-focused investors.

B. How to determine if Pre-Review is required for a Green Rewards Mortgage Loan

A Green Rewards Mortgage Loan requires Pre-Review under certain conditions. Note that a Green Rewards Mortgage Loan may also require Pre-Review for other reasons unrelated to the Green requirements.

- **Green Rewards Mortgage Loan requires Pre-Review if:**
  - Deal is accessing greater than 5% in additional loan proceeds as a result of underwriting projected cost savings (exclude impact of Green pricing)
  - Deal is qualifying as Green Rewards due to installation of a renewable energy generation or storage system, such as a photovoltaic/solar panel system

- **Green Rewards Mortgage Loan does not require Pre-Review if:**
  - Deal does not include any projected energy or water cost savings in the calculation of Underwritten Net Cash Flow
  - Deal is accessing less than 5% in additional loan proceeds as a result of underwriting projected cost savings (excluding impact of Green pricing)
C. High Performance Building (HPB) Report Cost Reimbursement

Fannie Mae reimburses 100% of the cost of the HPB Report (or the incremental cost of the HPB Module over the cost of the base Property Condition Assessment when the HBP Report is delivered as part of the PCA) for all Green Rewards Mortgage Loans. To receive reimbursement for an HPB Report:

1. Request an invoice from the HPB Report vendor with the HPB Report listed as a separate line item from any other report costs. Fannie Mae will not reimburse other costs such as fees for expediting a report.

2. Within one month of the Mortgage Loan Origination Date, complete Form 4829. Include Lender information, either Fannie Mae commitment number or Fannie Mae loan number, Property information, wiring instructions, and indicate the HPB Report cost as “Other”. Fields related to servicing may be left blank.

3. Manually sign or e-sign Form 4829 and scan or save as a PDF file.

4. E-mail the signed PDF Form 4829 and HPB Report Invoice to HPB_Reimbursement@fanniemae.com.

For Mortgage Loans purchased by Fannie Mae after 10/12/2018, reimbursement requests must be submitted within one month of the loan’s Acquisition Date. For Mortgage Loans purchased by Fannie Mae between 10/31/2017 and 10/12/2018, reimbursement requests must be submitted by 11/30/2018. If the reimbursement request is not submitted prior to the applicable cutoff date, the HPB Report will not be eligible for reimbursement. Depending on when the completed reimbursement request was submitted, reimbursement may be received by Lender up to 2 months after the delivery of the Mortgage Loan to Fannie Mae.

D. How to determine whether your HPB Report approval is delegated

Approval is delegated when an experienced Lender reviews a report prepared by a Pre-Qualified Consultant.

- **Experienced Lender**: Lender has delivered Green Rewards Mortgage Loans that include a minimum of 8 HPB Reports. Contact your NAM to verify eligibility.

- **Pre-Qualified Consultant**: Consultant has delivered 5 HPB Reports to Fannie Mae meeting quality standards. Pre-qualified consultants are listed on www.fanniemaegreenfinancing.com.
