## Instructions

#### Learn How to Use the New Market Conditions Addendum

Gain an understanding of and recognize the sources of market information necessary to analyze market conditions. Our new recorded training is organized to address the Market Conditions Addendum (Form 1004MC), effective April 1, 2009, section by section. Also review the FAQs for additional information about the form and other appraisal topics.

View Recorded Tutorial

### Market Conditions Addendum to the Appraisal Report

The Market Conditions Addendum (Form 1004MC) is designed to enhance the transparency of the market trends and conditions conclusions made by the appraiser. The Market Conditions Addendum will be required with all one- to four-unit property appraisals performed on or after April 1, 2009. This requirement applies to loans delivered to Fannie Mae, whether the loans are underwritten manually or through Desktop Underwritter®.

#### Use

The Market Conditions Addendum is intended to provide the lender/client with a clear and accurate understanding of the market trends and conditions prevalent in the subject neighborhood. The form provides the appraiser with a structured format to report the data and to identify more easily current market trends and conditions. The appraiser's conclusions must be reported in the "Neighborhood" section of the appraisal report.
