

Servicing Management Default Underwriter™ User Interface (SMDU™ UI) Registration

Whether you're a new or existing Fannie Mae Customer, everything you need to register for the SMDU™ UI is at fanniemae.com on the [Technology Manager](#) web page. Check out all of the resources available to make your SMDU™ UI registration process **Simple**, **Certain** and **Dynamic**.

STEP 1: Getting Set Up with Technology Manager

Use the Online Request Form and Instructions to get set up. If you already have Technology Manager, go to STEP 2.

STEP 2: Getting Familiar with Technology Manager

Technology Manager (Corporate and User) Administrators can access these Job Aids to learn the functions available within Technology Manager.

STEP 3: Setting Up the SMDU UI Application

***IMPORTANT:** Corporate Administrators must set up the SMDU UI Application and ensure that the SMDU and Asset Management Network (CLMWeb) options are selected. Refer to the Job Aid and eLearning for assistance with these steps.

STEP 4: Requesting SMDU Application Roles

Corporate and/or User Administrators can open these Job Aids and navigate to **User Management > Grant User Access to an Application** to assign both of the following roles: **SMDU_UI_External** and **SDMU_External**. ***IMPORTANT:** To ensure proper entry, take special note of the difference in the role names.

Additional Support

Contact the Technology Application Support Center via phone or web chat for any registration issues, to locate your Technology Manger Corporate or User Administrator and more.
