Maintenance and Security Updates to DU Related Applications
Integration Impact Memo

November 21, 2017
Updated | June 6, 2018

NOTE: On June 6, 2018 this document was updated to reflect a change in implementation dates and supported protocols.

As part of maintenance and security updates, Fannie Mae will be disabling support of Transport Layer Security version 1.0 and 1.1 protocol from its web servers. Many Fannie Mae applications are already enabled with TLS version 1.2 and by June 30 all applications will be TLS 1.2 compliant. TLS 1.0 will be retired on Aug, 15, 2018 and TLS 1.1 will be retired shortly after. This update applies to Admin Tool, Automated Property Service™, Condo Project Manager™, Desktop Originator®, and Desktop Underwriter® and EarlyCheck™.

This change is currently available within the integration environment and will be applied to production on Saturday, June 30, 2018. The following URLs are impacted:
