▼ Diversity Credentials

Fannie Mae recognizes the following diverse categories consistent with HERA Regulations: minority, women, individuals with disabilities AND minority-, women- and disabled-owned businesses. You may self certify for the HERA diversity classifications by downloading [this document](#).

Fannie Mae also recognizes other diverse categories including Lesbian, Gay, Bisexual, Transgender Owned Business (LGBT); Historically Black Colleges, Universities & Minority Institutions; Small Business; Veteran; 8(a) Business and HUBZone. If your company meets the eligibility criteria for one or more of the non-HERA listed classifications, you are required to attach a valid third party authorized certification for each classification type you claim. Refer to our [website](#) for eligibility criteria.

It is important to select the correct **Document type** and **Document validity** date range when uploading attachments as this will flag your diversity type in the system.

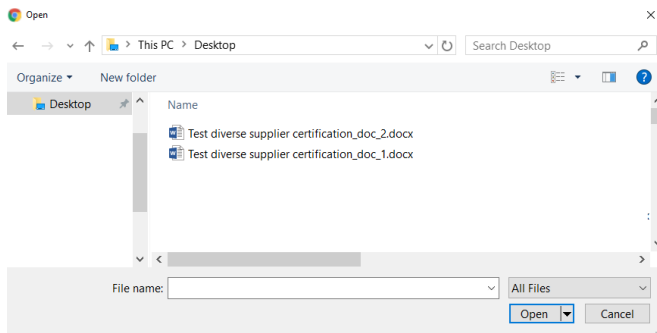

If more than one diverse ownership classification applies to your company, you must repeat the steps to upload your documentation as many times as needed. For example, if you are women-owned and a small business, you must add two diversity credential documents to your ProcureOne for women-owned and one for small business.

20. Enter the certificate name in the **Document name** field. If completing a Fannie Mae Self-Certification form, name the form "*Fannie Mae Self-Cert*". For other certification documents, follow these naming convention(s):
 - a. "WBENC Cert" (Women-owned certified by WBENC)
 - b. "NMSDC Cert" (Minority-owned certified by NMSDC)
 - c. "Disability:IN Cert" (Disable-owned certified by Disability:IN)
 - d. "NGLCC Cert" (LGBT-owned certified by NGLCC)
 - e. "SBA Cert" (Small Business Administration)
 - f. "Other 3rd Party Cert" (Any other third-party certification)

21. Upload a copy of the certification on the **Document** field. You can *click and drag* the document, or you can click in the field and a new screen will display. Select your document and click **Open**. Your document will now display under the **Document** field.

22. Enter the **Document validity from the and to the** dates field:
 - a. For Fannie Mae Self Certification documents, the **document validity from the** date should be the signature date and **the to** date should be 2 years later, as self-certifications are valid for 2 years.
 - b. For other certification documents, use the expiration date as found on the certificate.
23. Select from the drop down the **Document Types** – select the correct classification to correspond with the diversity credentials. For example, if you have a self-certification form that says you are women owned, select the document type as “*Diversity Credentials/HERA-Women*”.

Different Document Type: (Select the proper type)

- a. Diversity Credentials/ HERA-African American
 - c. Diversity Credentials/ HERA- Asian American
 - d. Diversity Credentials/ HERA-Native American
 - e. Diversity Credentials/ HERA- Hispanic American
 - f. Diversity Credentials/ HERA- Women
 - g. Diversity Credentials/ HERA- Disable
 - h. Diversity Credentials/ LGBT
 - i. Diversity Credentials/ HBCU
 - j. Diversity Credentials/ HUBZone
 - k. Diversity Credentials/ Veteran
 - l. Diversity Credentials/ Small Business
24. Once this is all completed, click **Save & close**.

Make sure to repeat steps five through ten for each diverse ownership classification that applies to your company. See **Important Notes** on step five.
