

# Fannie Mae is making progress.

Since Fannie Mae entered conservatorship, we have helped to stabilize America's housing market and made significant progress in supporting the recovery and helping

to build a sustainable housing finance system for the future. We are helping homeowners in distress and enabling families to buy, refinance, or rent a home.

Since 2009, we've **improved our performance** and we're **making a difference in people's lives.**

We're strengthening our **book of business** and changing the industry.

We help homeowners who are facing hardship.

Our efforts enable families in distress to keep their homes or avoid foreclosure.

more than **1.6M** loan workouts since 2009

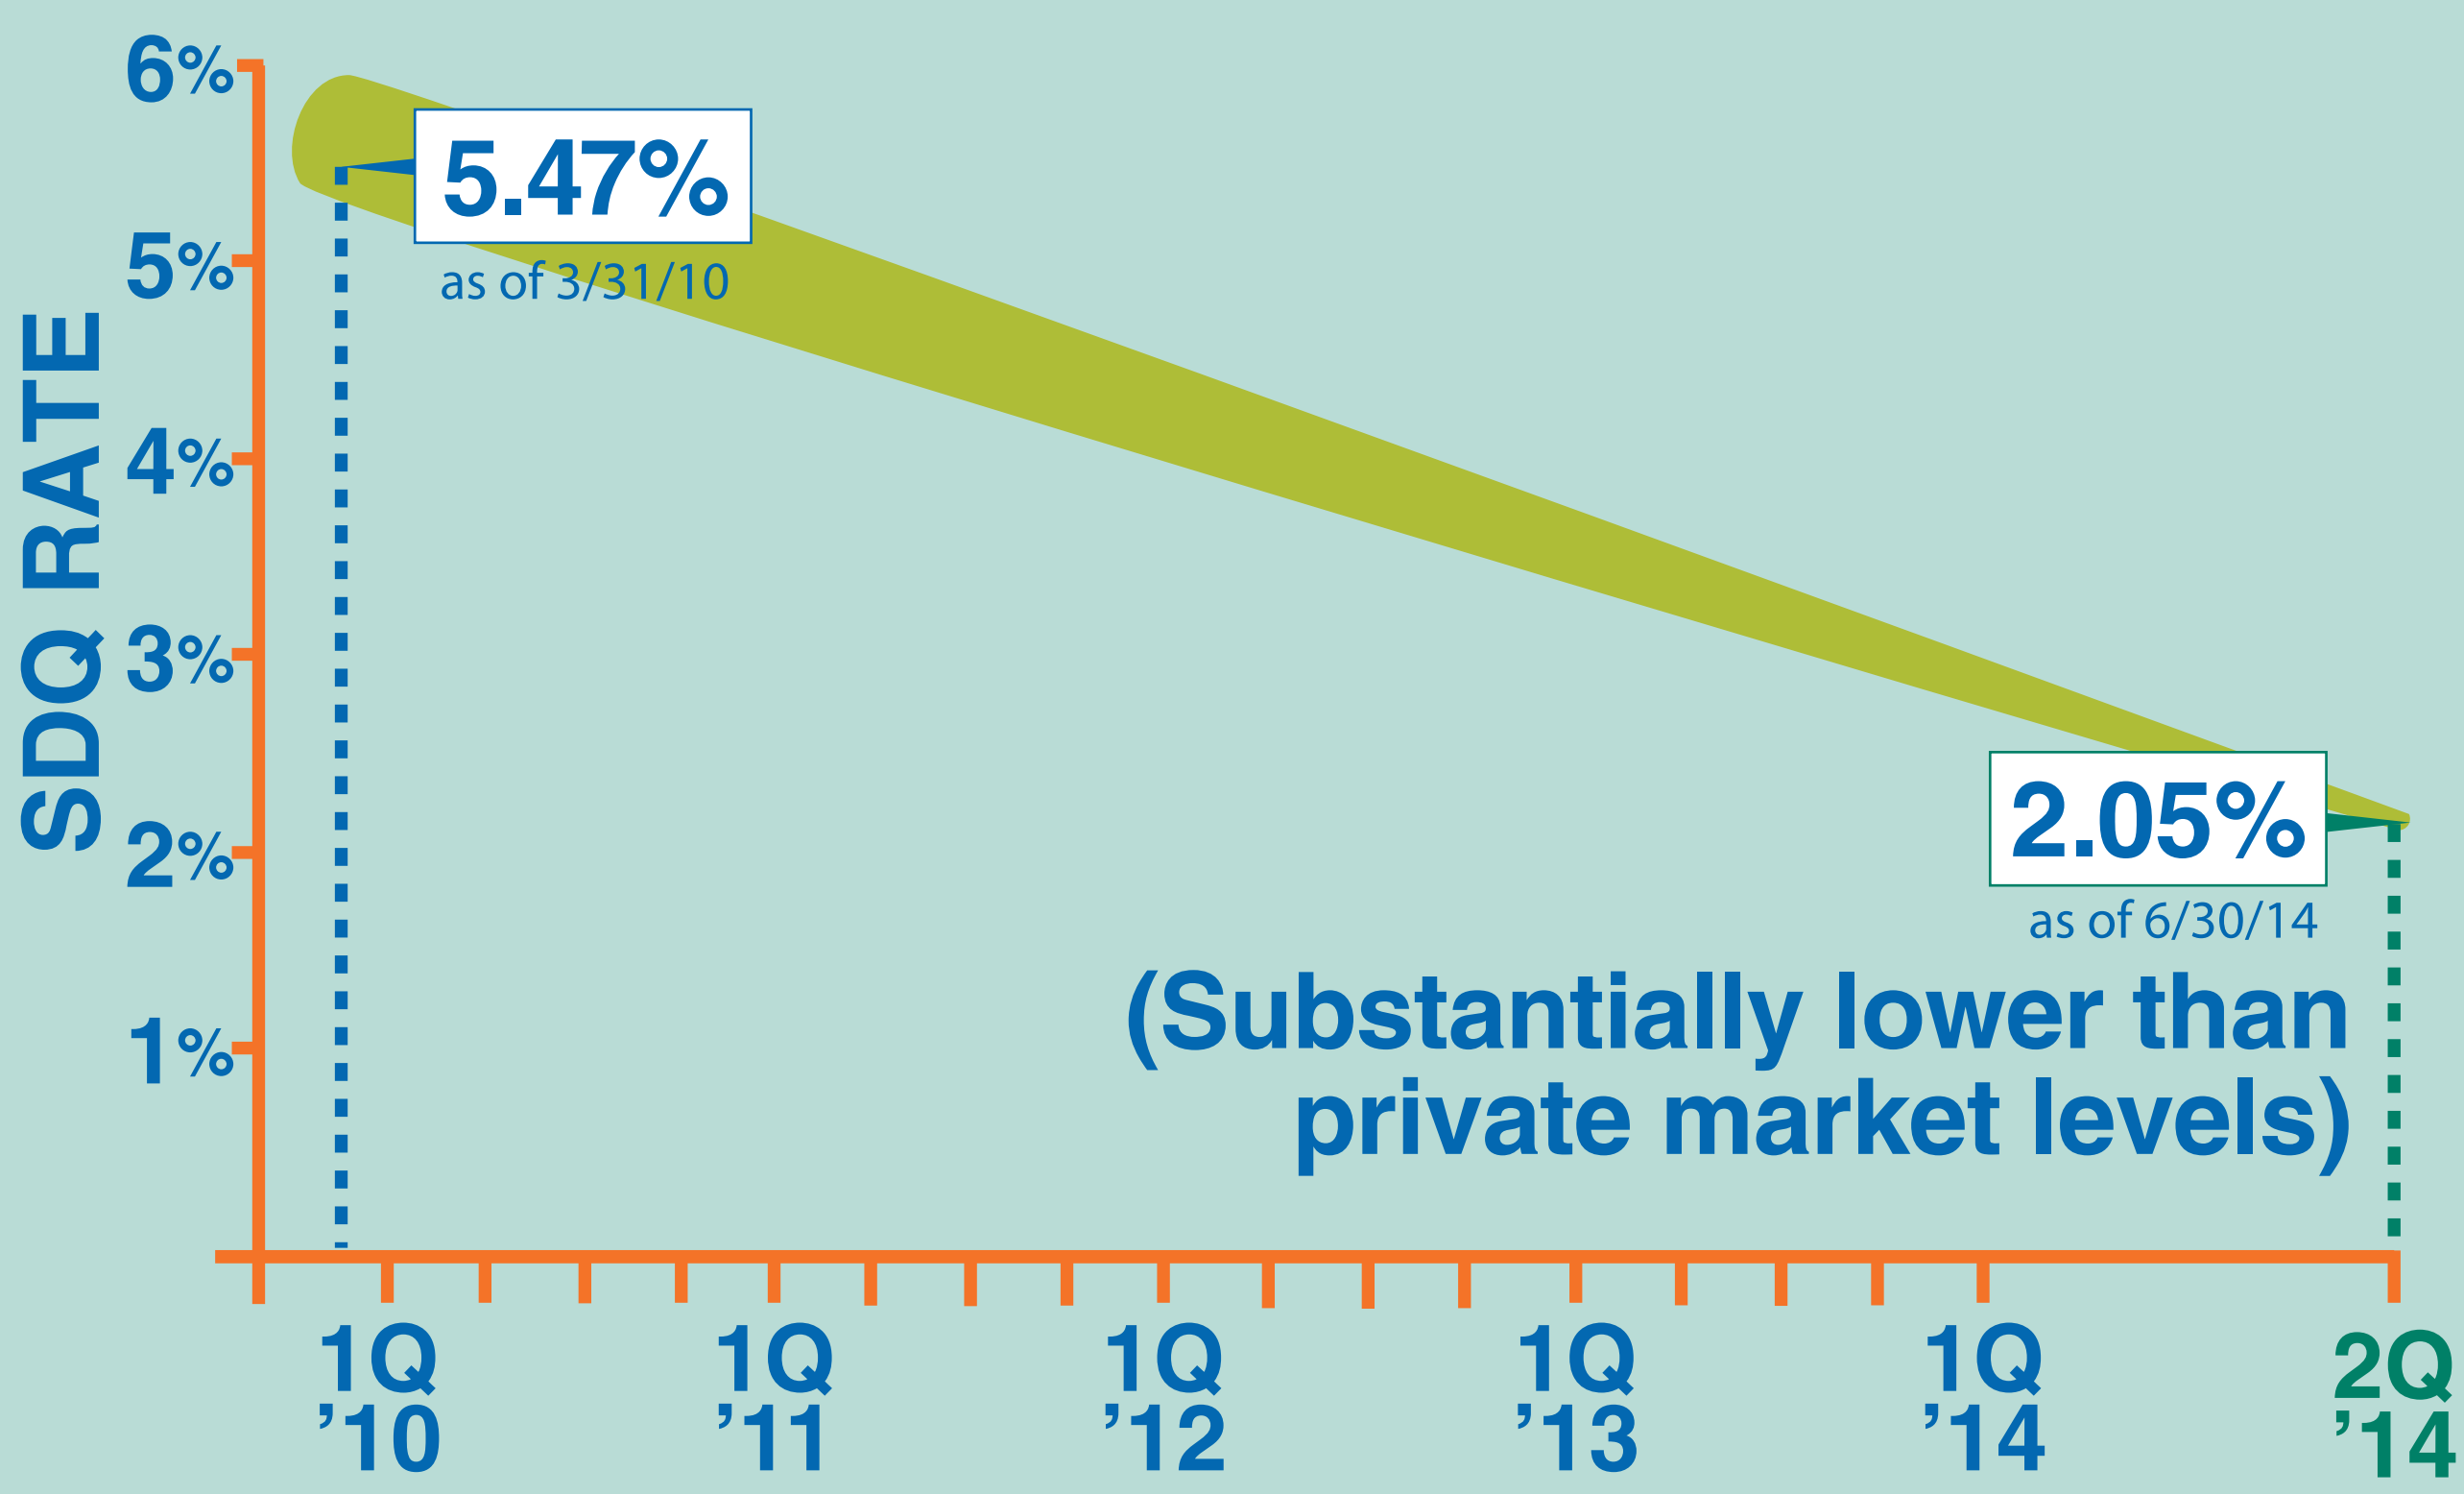

approx. **1.3M** home retention solutions

We work with lenders to offer access to affordable mortgage credit.

The share of single-family loans we hold or guarantee that are seriously delinquent (SDQ) has declined 17 consecutive quarters.

SDQ loans are those on which homeowners are 90+ days past due in making mortgage payments or that are in the foreclosure process.

We enable families to buy, refinance, or rent a home.

Since 2009, we have provided more than:

This financing has enabled:

**2.3 million** rental units

Our second quarter results were **strong.**

In Q2 2014 we reported:

The country invested **\$116.1 billion** in Fannie Mae from 2009 to 2012
