OUR PURPOSE

- We continue to focus on supporting the housing market recovery and helping to build a sustainable housing finance system.
- Our priorities are aligned with the public interest.
- We are committed to providing liquidity to the mortgage market; assisting troubled borrowers; enabling families to buy, refinance, or rent homes; and building a book of business that will help protect Americans’ investment in the company.

OUR RESULTS
THIRD QUARTER 2014

- Our third quarter results were strong.
- Net income in Q3 2014 increased compared with Q2 2014, due primarily to lower fair value losses and an increase in revenues. This increase was partially offset by a decline in credit-related income.
- We expect to remain profitable for the foreseeable future.

Net income for Q3 2014
$3.9 BILLION

Comprehensive income for Q3 2014
$4.0 BILLION

SINGLE-FAMILY
BOOK OF BUSINESS
AS OF SEPTEMBER 30, 2014

20% LEGACY
80% NEW

New book of business is strong, profitable, and a growing share of our overall book.

- We have established responsible credit standards while making it possible for families to purchase, refinance, or rent homes.
- Beginning in 2008, we significantly strengthened our underwriting and eligibility standards and changed our pricing to promote sustainable homeownership and stability in the housing market.
- As a result, the credit quality of our book of business has improved.
LIQUIDITY AND SUPPORT TO THE MARKET

- We funded the mortgage market with more than $4.3 trillion in liquidity since 2009, enabling families to buy, refinance, or rent homes:

  4.3 million home purchases

  2.5 million rental units

  13.0 million mortgage refinancings

DRIVING DOWN THE SERIOUS DELINQUENCY (SDQ) RATE

- Our single-family SDQ rate has declined 18 consecutive quarters.

  5.47% 1Q10

  1.96% 3Q14

- Fannie Mae’s single-family SDQ rate was 1.96 percent.

- Our single-family SDQ rate is substantially lower than private market levels.

- Approximately 96 percent of Fannie Mae’s 17.4 million single-family conventional loans are current.

Fannie Mae expects to have paid Treasury approximately $134.5 billion in dividends as of December 31, 2014.
