Since Fannie Mae entered conservatorship, we have helped to stabilize America’s housing market and made significant progress in supporting the recovery and helping to build a sustainable housing finance system for the future. We are helping homeowners in distress and enabling families to buy, refinance, or rent homes.

In 2014, we continued to make a difference in people’s lives.

We’re maintaining responsible credit standards and changing the industry.

SDQ loans are those on which homeowners are 90+ days past due in making mortgage payments or that are in the foreclosure process.

We help homeowners who are facing hardship.

Our efforts enable families in distress to keep their homes or avoid foreclosure.

We enable families to buy, refinance, or rent homes.

In 2014, we provided approximately:

- $434 Billion in liquidity to the mortgage market
- 887K home purchases
- 937K mortgage refinancings
- 446K rental units

Our 2014 results were strong.
